General Purposes Committee of Council

Changes in Regulations

The General Purposes Committee of Council has made the following changes in regulations, to come into effect on **31 January**.

Establishment of Professorship of Economic Policy Fund

Explanatory Note

These regulations establish the Professorship of Economic Policy Fund for the endowment of the salary and expenses of the holder of the professorship and associated overheads.

Text of Regulations

In Council Regulations 24 of 2002, concerning academic and other posts, insert new §64 as follows, and renumber existing §§64–332 as §§65–333:

'§64. Professorship of Economic Policy Fund

1. The University receives with gratitude the sum of US\$3,803,000 from the Foundation to Promote Open Society to be held as expendable endowment on the trusts declared in this regulation. Further money or property may be paid or transferred to the University as either expendable or permanent endowment to be held on the same trusts. The assets so held will be known as the Professorship of Economic Policy Fund ("the Fund").
2. The University shall retain as permanent endowment those of the assets in the Fund (if any) which are contributed on the express understanding that they are to be treated as permanent endowment ("the Permanent Endowment").
3. The University shall (a) apply the income of the Permanent Endowment (if any); and (b) apply the income and, in its discretion, the capital of the remainder of the Fund, towards the salary and expenses of the holder of the Professorship and associated overheads. The Professor shall undertake research, lecture and give instruction in economic policy and generally promote its study in the University. If the salary, expenses and overheads of the Professor

are wholly or partly covered from other sources or there are further funds available, there shall be discretion to apply the income and/or capital of the Fund to support the Professor's research.

4. The administration of the Fund, and the application of its income, shall be the responsibility of the Social Sciences Divisional Board.
5. At such times as Paul Collier (being the Professor of Economics and Public Policy at the Blavatnik School of Government at the date these regulations are made) is not employed or engaged as a consultant by any part of the collegiate University, the Professor shall be known as the Paul Collier Professor of Economic Policy.
6. The Professor shall be elected by an electoral board consisting of:
 - (1) the Vice-Chancellor, or, if the head of the college specified in (2) below is Vice-Chancellor, a person appointed by Council;
 - (2) the head of the college to which the Professorship may be allocated by Council from time to time; or if the head is unable or unwilling to act, a person appointed by the governing body of that college;
 - (3) a person appointed by the governing body of the college specified in (2) above;
 - (4)–(5) two persons appointed by Council;
 - (6) a person appointed by the Social Sciences Board;
 - (7)–(8) two persons appointed by the Blavatnik School of Government;
 - (9)–(10) two persons appointed by the Department of Economics.
7. The Professor shall be subject to the General Provisions of the regulations concerning the duties of professors and to those Particular Provisions of the same regulations which are applicable to the Professorship.
8. The University may in its absolute discretion in the period ending 21 years from the date of this regulation, instead

of applying the income of the Fund in any year, accumulate all or any part of such income by investing it, and holding it as part of the capital of the Fund. The University may apply the whole or any part of such accumulated income in any subsequent year as if it were income of the Fund arising in the then current year.

9. The University shall have power to pay out of the capital or the income of the Fund all costs of and incidental to the creation of the Fund, and the management and administration of the Fund and the Professorship.
10. The University may exercise any of its corporate powers in the management and administration of the Fund in so far as those powers are not inconsistent with these regulations.
11. Regulations 1–5 and 8–13 shall be deemed to be Trust Regulations under the provisions of Part D of Statute XVI.
12. Subject to regulation 13, Council may amend, repeal or add to these regulations in accordance with Part D of Statute XVI, but no amendment is valid if it would cause the Fund to:
 - (1) cease to be exclusively charitable according to the law of England and Wales; or
 - (2) be outside the objects of the University.
13. Any amendment to regulation 3 is an amendment to the main objects of the Fund for the purposes of Part D of Statute XVI and must be approved both by Congregation of the University and subsequently by Her Majesty in Council.'

Consultative Notices

External Membership of Council

INVITATION TO CONGREGATION TO SUBMIT NOMINATIONS FOR CONSIDERATION

Procedure for election of external members of Council

There will be a vacant place on Council for an external member from Michaelmas term 2014. An external member is defined in Statute I as 'a person who is not the resident holder of a teaching, research or administrative post in the University or in any college, society or Permanent Private Hall'.

Members of Congregation are invited to submit nominations for consideration by the Nominations Committee for the place on Council, taking account of the criteria set out below, on a form available on www.admin.ox.ac.uk/councilsec/nomination or from the Registrar's office (01865 280415). The Nominations Committee expects that nominations will be made without any communication by the nominator with the nominee. Nominators should indicate on the nominations form if any informal communication has taken place.

The closing date for nominations is **Monday, 10 February 2014**.

The Nominations Committee will act in accordance with Council Regulation 15 of 2002, available on the website at www.admin.ox.ac.uk/statutes/regulations/520-122q.shtml. Current Council members are listed at www.admin.ox.ac.uk/councilsec/governance/council/membershipofcouncil. The Committee is being assisted by Saxton Bampfylde search consultants.

The Committee will consider all nominations and applications received by the closing date as well as any candidates proposed by its own members and by the search consultants; it will select from them having due regard to the principles of equality and diversity and the published selection criteria, and it will then make recommendations to Council. Council will consider all recommendations received from the Nominations Committee and will either propose a candidate for approval by Congregation or will ask the Committee to submit further names for its consideration. If a candidate is rejected by Congregation the Committee will propose a further candidate or candidates to be put to Council in accordance with the above procedures until the vacancy is filled.

The appointment will be for four years, extendable for a further four years.

Responsibilities of members of Council

Whilst Congregation is the University's sovereign body, Council is the University's executive governing body. It is responsible for the advancement of the University's objects, for its administration, and for the management of its finances and property. Council is therefore responsible for the academic policy and strategic direction of the University, subject to the powers of Congregation. Legally, the members of Council are charity trustees and are bound by fiduciary duties. Each must comply with the duties of a charity trustee, and when doing so must exercise the proper standard of care.

Criteria for external members of Council

All members of Council will have a strong personal commitment to higher education and to the values, aims and objectives of Oxford as a collegiate University (ie the University and its colleges).

In considering nominations for external membership of Council, personal qualities will be the primary consideration, but successful candidates will need to be able to demonstrate significant levels of relevant experience. The Nominations Committee will consider demonstrable evidence of the following:

- significant experience in a position or positions requiring the exercise of high levels of responsibility;
- substantial experience in the governance of large complex organisations in the public, private or not-for-profit sectors;
- the ability to engage with issues such as educational policy, strategic planning, risk management, IT and information systems, property, investment, financial management, and legal issues, in order to ensure a balance of skills and experience on Council;
- a willingness to represent the values, aims and objectives of the University to those who are not part of the institution and to bring a better understanding of issues outside the institution to the members of the collegiate University;
- the capacity to act fairly and impartially in the interests of the University as a whole, using independent judgement and maintaining confidentiality as appropriate, and avoiding conflicts of interest;
- the willingness to listen, engage, understand and interact with members of the collegiate University at all levels; and
- the willingness to play a role in liaising between key stakeholders and the University and in fundraising.

The role also requires the willingness and ability to devote a significant amount of time on a voluntary basis. External members of Council are expected to spend one to two days per month in Oxford. It is expected that the people appointed to these roles will become involved in the life of the University, and may be asked to become members of other committees.

All members have a responsibility for ensuring that Council conducts itself in accordance with accepted standards

of behaviour in public life, embracing selflessness, integrity, objectivity, accountability, openness, honesty and leadership. They must also play an appropriate part in ensuring that the business of Council is carried out effectively, efficiently and in a manner appropriate for the proper conduct of public business.

(e) Applicants must ensure that they are familiar with the University's policy and procedure on conflict of interest (www.admin.ox.ac.uk/researchsupport/integrity/conflict). If they have any concerns about potential conflicts implicit in their proposed arrangements they should approach the secretary of the Conflict of Interest Committee (www.admin.ox.ac.uk/researchsupport/integrity/conflict/policy).

(f) If the outside appointment is arranged via Oxford University Consulting (see section 2 below) and approval is granted for the outside appointment, the applicant will enjoy a measure of protection under the University's insurance arrangements (see www.admin.ox.ac.uk/researchsupport/oxonly/contracts/consulting/faqs). If the outside appointment is arranged privately the individual (or the company) will need to hold their own insurance cover (see www.admin.ox.ac.uk/researchsupport/oxonly/contracts/consulting/private).

(2) OXFORD UNIVERSITY CONSULTING

The University's wholly owned subsidiary company, Isis Innovation Limited, has a division, Oxford University Consulting (OUC) (www.isis-innovation.com/consulting/index.html), to help members of the University market their expertise to outside bodies, negotiate commercial terms and payment on behalf of individuals, and manage the administration associated with consultancy. OUC offers a professional service for academics and departments throughout the University, which will identify consultancy and related opportunities with local, national and

¹The Wellcome Trust's grant conditions, for example, include stringent conditions relating to the holding of consultancies and these apply equally to individuals who are in receipt of Wellcome Trust research grants, as well as to those whose salaries are paid from Wellcome Trust grants.

²Throughout this document, the term 'head of department' should be taken to include chairman of faculty board.

international companies and organisations. Details of this service may be obtained by telephone (Oxford (2)80829) or by email (consulting@isis.ox.ac.uk).

Members of the University choosing to use the services of OUC must still follow the internal procedures for University approval of their outside appointments as outlined in this Guidance Note; OUC will, however, assist with the process on behalf of the individuals concerned. Please see the University's Consulting Policy and Procedures (www.admin.ox.ac.uk/researchsupport/contracts/consulting).

(3) CONSULTANCIES WITHIN RESEARCH GRANT APPLICATIONS AND CONTRACTS

The holding of a consultancy may be included where appropriate within research grant applications and contracts. Where consultancies are included in this way and provision is made through the payroll to pay staff for such work, the Outside Grants (OG) form should itemise, among the costs of the project, the costs of the consultancy payment (including employer's on-costs). Indirect costs should also be calculated on the total cost of the project, including the fee for the consultancy.

The PI should personally ensure that their Oxford colleague (acting as consultant on the project) understands the conditions under which they are being engaged (eg tasks to be undertaken, due dates, payment, intellectual property provisions, etc). This would normally be done in a meeting between the PI and the consultant (a brief follow-up email exchange to note what was agreed may also be appropriate). Time spent on such consultancies will count towards the 30-day limit.

If a department wishes to make personal payments to a University of Oxford staff member from a research account, these payments must go through the University payroll.

(4) SERVICES TO INDUSTRY AND OUTSIDE BODIES

Not all work for outside bodies is governed by a contract with an external sponsor under the University's research grants and contracts procedures. Some is likely to be 'service' work, ie the provision of a service to an external organisation which is not of academic benefit but which makes use of spare capacity in a department (most often specialist facilities/equipment) in return for payment. Such arrangements should nevertheless be covered by an agreement approved by the head of department which is drawn up in consultation with

the departmental administrator and (for tax reasons) with the Finance Division. Customers must be made aware of the University's standard conditions of sale and supply (available from the Legal Services Office (LSO)), which must be incorporated into all contracts (subject to any variations required on a case-by-case basis, and drafted or endorsed by the LSO).

A department may well wish to engage Oxford University Consulting to arrange these service agreements with third parties (see www.isis-innovation.com/consulting/index.html).

Where appropriate, a payment may be made through the payroll to individuals for the additional work undertaken in performing the services. It is expected that the head of department will decide on an appropriate fee to be paid to the individual based on the time spent (which again will count towards the 30 days per year limit). In such cases, where an agreement has been made with the University in respect of the service, it is not expected that a further personal consultancy agreement with the academic concerned will be necessary.

(5) FINANCIAL ARRANGEMENTS FOR OUTSIDE APPOINTMENTS

The University does not generally (except in the case of consultancies for which the information is requested for the annual HE-BCI survey) seek details of remuneration which applicants are to receive in return for outside commitments, but reserves the right to request to be provided with such details in certain circumstances, eg in the light of any potential conflict of interest with the outside commitment. Applicants wishing exceptionally to make a case to spend a total of more than 30 days in any one year on outside commitments **will** be required to provide details of remuneration.

(6) MONITORING AND REPORTING OF OUTSIDE APPOINTMENTS

(a) Heads of department are responsible, through their departmental administration, for keeping records of the number of days spent on outside commitments by all staff (regardless of staff group) in their departments.

(b) Departments and divisions are responsible for reporting the details of all outside commitments held by staff via HRIS by the end of September each year.

EXTENSION FEE FOR PART-TIME MSc IN MATHEMATICAL FINANCE

Explanatory Note

The following change makes provision for a extension fee for students taking the part-time MSc in Mathematical Finance who extend beyond the standard seven terms for which tuition fees are payable. This regularises an existing arrangement. The level of the extension fee has been reviewed and is now set at £500 per term, of which £400 will flow to the Mathematical Institute and £100 to the student's college. This revised level of fee is lower than the current fee charged for extensions: since this is to students' advantage, it is acceptable that the change be brought in to apply to students currently on course. New text is shown by underlining.

Text of Regulations

With effect from 1 January 2014

6. The number of composition fees payable under cl 3 above by those working for any qualification other than the degree of DPhil shall not exceed six in respect of each qualification⁽⁷⁾, save that those students receiving tuition or supervision after attempting an examination shall continue to pay composition fees for each term in which they receive tuition or supervision, and

UK Brain Bank for Autism and Related Developmental Research, JR

The developing brain is altered in autism but neuroscientists do not know how or why. Research is needed to understand the causes and biological basis of autism, to develop better interventions to improve the lives of those directly affected by it. Such critical research is hindered by the scarcity of donated human brain tissue. Control tissue, donated by people who do not have autism, is needed for comparison just as much as donations by people who do - and the NHS organ donor scheme does not include brain donation. We particularly want younger people to consider making a pledge to donate their brain after death (the further the brain is from its inception, the more difficult it is to understand the process of its development, so we do not take donations from people over 65 not directly affected by autism). See www.brainbankforautism.org.uk for information and to register as a donor.
