### Changes in Regulations

#### Regulations on Financial Matters

##### *Explanatory Note*

These changes in regulations provide for the University fees that will be charged in the academic year 2013/14. New text has been underlined except in the tables where all fees are new (but not underlined); deleted text has been struck through. Details of fees that relate to cohorts of students who would normally have reached the end of fee liability in 2013/14 are removed (but are available in earlier editions of the *Examination Regulations*, or from the Planning and Resource Allocation Section). The opportunity has been taken to amend cross-referencing errors.
