They also remove outdated references.

Revised University Policy and Procedure on Harassment

A revised Policy and Procedure on Harassment was approved by Council on 1 December 2014. The revised document, which is available at www.admin.ox.ac.uk/eop/harassmentadvice/policyandprocedure, includes a new procedure for student complaints of harassment against other students.

New guidance for staff has also been developed on handling cases of sexual assault or sexual violence. This guidance is available at www.admin.ox.ac.uk/eop/harassmentadvice/policyandprocedure/guidance.

Consideration of comments on the Employer-Justified Retirement Age made by the University’s Appeal Court

The University has operated an Employer-Justified Retirement Age (EJRA) of 30 September before the 68th birthday for all academic and academic-related staff since October 2011. The policy includes a process under which individuals may apply to extend their employment beyond the EJRA, such applications being considered by the EJRA Panel. If the panel declines a request, the individual may appeal to the University’s Appeal Court.

As reported in the Gazette of 25 September 2014, the University’s Appeal Court has recently heard such an appeal and has raised some issues regarding the EJRA policy and procedure. The decision of the court is binding only in relation to the appeal of the individual concerned, and does not create any binding precedent on the University as a whole. The other observations of the court on the EJRA policy are for the University to use in its consideration of the future of the policy.

The EJRA was established, with the agreement of Congregation, in 2011, following changes in national legislation. After two rounds of wide consultation across the collegiate University, the underpinning amendment to Regulation 7(1) of Council Regulations 3 of 2004 was published to Congregation in the Gazette in the normal way: no objections were received, no alternatives were proposed and no debate was requested. Accordingly, the amendment was implemented.

It was agreed that the EJRA would operate for an initial period of ten years with an interim review after five years. In addition, annual reviews are undertaken by the Personnel Committee.

In the Gazette of 25 September 2014, the Personnel Committee reported that it would consider in Michaelmas term how to respond to the issues raised in the judgment. In the Gazette of 13 November 2014, it was reported that the Personnel Committee had met and held an initial discussion as to whether the five-year review should be brought forward from 2016/17. The committee, mindful of the importance of giving the issues raised in the judgment careful and thorough consideration, decided that it needed further information prior to another discussion at its meeting in seventh week of Michaelmas term.

The Personnel Committee met again in seventh week and discussed this matter further. It was concerned to ensure that any review of the overarching EJRA policy has the benefit of sufficient data on which to base reasoned recommendations to Congregation should any changes be considered desirable. The Personnel Committee was also aware that those matters raised by the Appeal Court that can be considered in the short term should receive attention as soon as possible. In this context, the committee decided that, in the course of 2015 and with detailed work carried out by a sub-group with some co-opted members, it will consider:

1 whether the aims of the EJRA need to be clarified;
2 whether changes are needed to the Considerations (the criteria) for extensions to employment; and
3 whether there should be other procedural changes relating to the process for considering requests for employment beyond the EJRA.

The committee will also oversee the data collection required to inform a wider review of the EJRA and, in the longer term, it will bring proposals to Council to set up a working party to undertake that review. It is anticipated that the working party will consider the extent to which the EJRA is meeting the Aims identified when the policy was established, whether the EJRA is appropriately set at the 30 September before an individual’s 68th birthday, and whether it applies to the right staff groups. These issues, and any others that seem relevant, will be considered in the context of case-law at that time and data concerning the impact of the EJRA at Oxford in comparison with other higher education institutions with and without a retirement age.

Council considered and endorsed this plan of action at its meeting in eighth week of Michaelmas term. Congregation will be kept updated on the committee’s progress.

The current policy remains in effect until such time as it may be changed.
Guidance notes for the holding of outside appointments and the conduct of outside work

This Guidance Note should be read in conjunction with Council Regulations 5 of 2004.

(1) PROCEDURES FOR APPLYING FOR APPROVAL TO HOLD OUTSIDE APPOINTMENTS

(a) Applicants must complete an application form available at: www.admin.ox.ac.uk/personnel/staffinfo/academic/approvaltoholdoutsideappointments.

(b) Applicants whose salaries are funded from externally funded research grants or contracts, or who are Principal Investigators (PI) or Co-Investigators on outside-sponsored projects, must adhere to the terms and conditions stipulated by or agreed with the sponsor and, if necessary, seek written approval from the sponsor. If you are in any doubt, please contact Research Services staff for advice on the terms and conditions of externally funded research grants and contracts held by the University (tel (2)70143).

(c) Applicants must obtain the approval of their direct line manager where relevant.

(d) When the necessary approvals have been obtained from the relevant line manager or sponsor (as appropriate), applicants should submit the completed form to their head of department, who will be asked to sign to confirm that he/she is content to approve the outside commitment in the context of the applicant’s University duties.

The person who signs the forms should be:

- the Head of Department or Faculty Board Chair;
- the Head of Division if the applicant is a Head of Department, or the application is for a total of more than 30 days per year;
- the line manager of the senior officer making the application (where applicable). For the avoidance of doubt, the application should be made to the Vice-Chancellor in respect of each of the Pro-Vice-Chancellors with portfolio, the Heads of Division, the Registrar and Bodley’s Librarian. In the case of the Vice-Chancellor, he or she should submit an application to the Chancellor;
- the person at the next higher level of authority if the Head of Department (or equivalent) has an interest in the appointment or activity.

(e) Applicants must ensure that they are familiar with the University’s policy and procedure on conflict of interest (www.admin.ox.ac.uk/researchsupport/integrity/conflict). If they have any concerns about potential conflicts implicit in their proposed arrangements they should approach the secretary of the Conflict of Interest Committee (www.admin.ox.ac.uk/researchsupport/integrity/conflict/policy).

(f) If the outside appointment is arranged via Oxford University Consulting (see section 2 below) and approval is granted for the outside appointment, the applicant will enjoy a measure of protection under the University’s insurance arrangements (see https://www1.admin.ox.ac.uk/researchsupport/consulting/faqs). If the outside appointment is arranged privately the individual (or the company) will need to hold their own insurance cover (see https://www1.admin.ox.ac.uk/researchsupport/consulting/private).

(2) OXFORD UNIVERSITY CONSULTING

The University’s wholly owned subsidiary company, Isis Innovation Limited, has a division, Oxford University Consulting (OUC) (www.isis-innovation.com/consulting/index.html), to help members of the University to market their expertise to outside bodies, to negotiate commercial terms and payment on behalf of individuals, and to manage the administration associated with consultancy. OUC offers a professional service for academics and departments throughout the University, which will identify consultancy and related opportunities with local, national and international companies and organisations. Details of this service may be obtained by telephone ((2) 80829) or by email (consulting@isis-ox.ac.uk). Members of the University choosing to use the services of OUC must still follow the internal procedures for University approval of their outside appointments as outlined in this guidance note; OUC will, however, assist the process on behalf of the individuals concerned. Please see the University’s Consulting Policy and Procedures (https://www1.admin.ox.ac.uk/researchsupport/consulting).

(3) CONSULTANCIES WITHIN RESEARCH GRANT APPLICATIONS AND CONTRACTS

The holding of a consultancy may be included where appropriate within research grant applications and contracts. Where consultancies are included in this way and provision is made through the payroll to pay staff for such work, the Outside Grants (OG) form should itemise, among the costs of the project, the costs of the consultancy payment (including employer’s on-costs). Indirect costs should also be calculated on the total cost of the project, including the fee for the consultancy.

The PI should personally ensure that their Oxford colleague (acting as consultant on the project) understands the conditions under which they are being engaged (eg tasks to be undertaken, due dates, payment, intellectual property provisions, etc). This would normally be done in a meeting between the PI and the consultant (a brief follow-up email exchange to note what was agreed may also be appropriate). Time spent on such consultancies will count towards the 30-day limit.

If a department wishes to make personal payments to a University of Oxford staff member from a research account, these payments must go through the University payroll.

(4) SERVICES TO INDUSTRY AND OUTSIDE BODIES

Not all work for outside bodies is governed by a contract with an external sponsor under the University’s research grants and contracts procedures. Some is likely to be ‘service’ work, ie the provision of a service to an external organisation which is not of academic benefit but which makes use of spare capacity in a department (most often specialist facilities/equipment) in return for payment. Such arrangements should nevertheless be covered by an agreement approved by the head of department which is drawn up in consultation with the departmental administrator and (for tax reasons) with the Finance Division. Customers must be made aware of the University’s standard conditions of sale and supply (available from the Legal Services Office (LSO)), which must be incorporated into all contracts (subject to any variations required on a case-by-case basis, and drafted or endorsed by the LSO).

A department may well wish to engage Oxford University Consulting to arrange these service agreements with third parties (see www.isis-innovation.com/consulting/index.html).
Where appropriate a payment may be made through the payroll to individuals for the additional work undertaken in performing the services. It is expected that the head of department will decide on an appropriate fee to be paid to the individual based on the time spent (which again will count towards the 30-day-per-year limit). In such cases, where an agreement has been made with the University in respect of the service, it is not expected that a further personal consultancy agreement with the academic concerned will be necessary.

(5) FINANCIAL ARRANGEMENTS FOR OUTSIDE APPOINTMENTS

The University does not generally (except in the case of consultancies for which the information is requested for the annual HE-BCI survey) seek details of remuneration which applicants are to receive in return for outside commitments, but reserves the right to request to be provided with such details in certain circumstances, eg in the light of any potential conflict of interest with the outside commitment. Applicants wishing exceptionally to make a case to spend a total of more than 30 days in any one year on outside commitments will be required to provide details of remuneration.

(6) MONITORING AND REPORTING OF OUTSIDE APPOINTMENTS

(a) Heads of department are responsible, through their departmental administration, for keeping records of the number of days spent on outside commitments by all staff (regardless of staff group) in their departments.

(b) Details of outside commitments held by staff will be collected each year for the University’s HE-BCI return.

UK Brain Bank for Autism and Related Developmental Research, JR
The developing brain is altered in autism but neuroscientists do not know how or why. Research is needed to understand the causes and biological basis of autism, to develop better interventions to improve the lives of those directly affected by it. Such critical research is hindered by the scarcity of donated human brain tissue. Control tissue, donated by people who do not have autism, is needed for comparison just as much as donations by people who do – and the NHS organ donor scheme does not include brain donations by people who do not have autism, so we do not take donations from people over 65 not directly affected by autism). See www.brainbankforautism.org.uk for information and to register as a donor.
