4. Ibid., delete clause 5 and renumber clauses 6, 7, and 8 accordingly.

Explanatory Notes

1. To update the regulations for accuracy in line with departmental procedures.

2. It has been decided that moving the submission deadline of the extended essay from week 8 to 6 of Hilary Term will benefit both students and examiners. It minimises overlap with revision and revision tutorials towards the written examination (timing outlined in clause 4(iii)) and facilitates marking of exam questions, to enable candidates that have failed to be informed in good time and maximise revision time prior to second attempt.

Timings of re-sits were clarified in response to request issued by the Education Policy Support Section.

3. A new sub-paragraph was created to improve clarity of regulations relating to the component incorporating dissertation, presentation and viva voce examination and to introduce clarification relating to timing of re-sits for this component.

4. Due to the above clarifications of timings for re-sits, clause 5 became redundant.
