Consultative Notices

Consultation on possible revisions to Statute XII

On 27 February 2014 the Personnel Committee launched a consultation of individuals and bodies within the collegiate University on the desirability of possible revisions to Statute XII, which governs the employment of academic and academic-related staff. The consultation paper is available on the Statute XII consultation website at www.ox.ac.uk/statuteXII.

A set of Questions and Answers, addressing the questions that have been asked most frequently in the course of the consultation so far, has now been added to this website.

The Personnel Committee welcomes responses from all members of the
University until the close of the consultation period on 4 June 2014. Responses should be sent to sarah.thenemann@admin.ox.ac.uk.

Committee on Statutes before the Privy Council

JESUS COLLEGE: REVISED STATUTES

The Committee on Statutes before the Privy Council, acting under authority delegated to it by Council, is minded to give consent on behalf of the University to the revised statutes of Jesus College, approved by the Governing Body on 6 November 2013, in so far as such consent is required by section 7 (2) of the Universities of Oxford and Cambridge Act, 1923. The consent of the committee to the amendments to the statutes will be effective eleven days after publication of this notice unless written notice of a resolution, signed by at least twenty members of Congregation and calling upon Council to withhold that consent, has been given to the Registrar by noon on Monday, 5 May.

The effect of the amendments is to enable the college to apply a total shareholder return approach to its investments.

Socially Responsible Investment Review Committee

STATEMENT ON THE FOSSIL FUEL DIVESTMENT CAMPAIGN

The Socially Responsible Investment Review Committee (SRIRC) is responsible for considering representations concerning the Socially Responsible Investment Policy1 and proposals related to the implementation of the policy submitted to it from certain specified bodies within the University, and making recommendations to Council as appropriate2. The SRIRC is now making its first statement regarding representations made by Oxford University Student Union (OUSU) regarding the University’s investments in fossil-fuel-related companies.

The SRIRC received a first representation from OUSU at its meeting on 28 November 2013 requesting that consideration be given to financial transactions involving organisations in the fossil fuel industry. The SRIRC sought clarification from OUSU on the scope of what OUSU meant by ‘the fossil fuel industry’. The SRIRC subsequently received a second OUSU representation clarifying its definition of ‘fossil fuel companies’ (as set out in the penultimate paragraph below) and asking the University to consider divestment from all fossil fuel investments held by Oxford University Endowment Management (OUEm) on behalf of Oxford University. OUSU’s resolution can be viewed below3.

The SRIRC welcomes this engagement. We acknowledge the significance and importance of the broad issue of climate change and are grateful to OUSU for formally raising this issue with the SRIRC.

The SRIRC is responsible for forming an opinion on the question of socially responsible investment that the divestment resolution raises and for advising Council accordingly. At its meeting on 6 March 2014, the SRIRC began detailed discussions on this subject. It acknowledged that fossil fuel divestment is a broad issue involving many different University departments and activities, and that any engagement on this issue will need to consider a range of stakeholders across the whole of the University. These include a number of Council’s committees, the divisional boards, colleges, benefactors, staff and students (past, present and future), among others.

It is recognised that this is a complex and multifaceted issue which requires the collection of evidence and opinions, and time for reflection and informed debate.

Therefore, and in light of the growing global debate and given the University’s broad research engagement on the subject, the SRIRC has decided to canvass the opinions of stakeholders. We are therefore requesting evidence and opinions from relevant bodies in the collegiate University, and through the publication of this statement invite interested parties to submit evidence or views that might inform the committee’s consideration of the question of possible divestment from companies ‘that participate in exploration for and/or extraction of fossil fuel reserves’ as per the OUSU representation. We are also interested in evidence or views on whether there are alternative ways in which the University should engage in the debate about climate change. The SRIRC will review submissions at its next meeting on 2 July 2014, and will publish a summary of the views received on its website, ensuring that such views are given proper consideration in the eventual recommendation that is made to Council.

Interested parties should send their submissions to fossilfuelsconsultation@admin.ox.ac.uk. The deadline for submissions is 23 June.

1University Policy on Socially Responsible Investment

Approved by Council on 2 December 2013

Policy

The University of Oxford is committed to ensuring that it makes investment decisions responsibly and with integrity. The University’s Policy is to ensure that its investment decisions (including those taken on its behalf) take into account social, environmental and political issues in order to maintain its ethical standards.

Council has established a Socially Responsible Investment Review Committee (SRIRC) to provide it with advice on this Policy and its delivery. The SRIRC reports directly into Council but also has a mandate to discuss its recommendations with those bodies that have a duty of oversight for the University’s investments, in particular the Investment Committee, in so far as those recommendations concern the funds for which each body has responsibility.

Procedures

The University will ensure that Procedures in support of this Policy fulfill the following aims:

(a) to review regularly this Policy, and practices relating to it, to ensure that social, environmental and political issues are adequately reflected;

(b) to provide a forum for considering representations to change this Policy and/or practices relating to it on ethical grounds;

(c) to engage in responsible stewardship with its investment managers and to provide a forum for the review and monitoring of investments in the context of this Policy;

(d) to engage directly and indirectly with managers (and where possible directly with investments) to make representations concerning social, environmental and political concerns as appropriate.

Delivery of these Procedures is the joint responsibility of the SRIRC (points (a) and (b) above) and those bodies with a duty of oversight for the University’s investments, in particular, the Investment Committee (points (c) and (d) above).

2Council Regulations 15 of 2002, available at www.admin.ox.ac.uk/statutes/regulations/520-122bb.shtml. Representations concerning the policy and proposals related to the implementation of the policy may be submitted to the committee by the following bodies: (1) Council, the Investment Committee or any other committee reporting directly to Council; (2) by 20 or more members of Congregation; and (3) by a majority resolution of the Council of the Oxford University Student Union.

3‘Environment and Ethics – Fossil Fuel Divestment Campaign’

OUSU council notes that:

1. In September 2013 the Intergovernmental Panel on Climate Change (IPCC) reported that in order to stay below a one-third probability of a devastating global temperature rise of 2°C, cumulative carbon emissions cannot exceed a ‘budget’ of about 800 gigatons. Over shooting this by just 5% increases the chance
of exceeding 2°C to 50%. Over 500 gigatons have already been emitted. [IPCC]

2. Current fossil fuel reserves amount to nearly four times the remaining carbon budget. Therefore between 60–80% of reserves must stay in the ground. [CarbonTracker.org]

3. Despite this, the top 200 coal, oil and gas companies spent almost $700bn in the last 12 months finding and developing even more reserves. [CarbonTracker.org]

4. On average, around 5% of University endowments are invested in fossil fuels – this equates to a 2k investment per student. Oxford University’s endowments are invested in fossil fuels – this equates to a 2k investment per student. [CarbonTracker.org]

5. There is a growing international campaign for divestment from fossil fuels. On average, around 5% of university endowments are invested in fossil fuels – this equates to a 2k investment per student. Oxford University endowments are invested in fossil fuels – this equates to a 2k investment per student. [CarbonTracker.org]

OUSU council therefore resolves to:

1. The actions of companies that search for new fossil fuel reserves is unethical.

2. Investment made by the University into such companies is socially irresponsible.

3. Divestment is an effective means of protest against unethical corporate behaviour.

4. Actions taken by Oxford University can attract substantial national media coverage, as such a decision in favour of divestment would encourage other UK universities to divest.

OUSU council therefore resolves to:

1. Formally request that the University of Oxford, through its investment subsidiary Oxford University Endowment Management:

   (a) ceases to directly invest in fossil fuel companies

   (b) puts safeguards in place to ensure the University does not indirectly invest in fossil fuel companies through its 'pooled vehicles' or any other indirect investment channel.

2. (In response to a request from the University of Oxford) Offer the following definition for ‘fossil fuel companies’ as those companies that participate in exploration for and/or extraction of fossil fuel reserves.

3. Request that the University of Oxford releases a policy statement before the start of the new academic year setting out its view whether or not investment in fossil fuel companies can be considered 'socially responsible' as well as the stance that it takes with respect to the financial risks of investing in these companies.

4. Mandate the Vice-President (Charities and Community) to inform the Socially Responsible Investment Review Committee and other relevant staff members within the University of the resolutions of OUSU Council.

Permanent Private Halls Supervisory Committee

REVIEW OF CAMPION HALL

The Permanent Private Halls (PPH) Supervisory Committee, which is appointed by Education Committee, has regulatory, monitoring and reporting functions in relation to the Permanent Private Halls. Under the University’s agreement with the halls each of them is to be reviewed in turn over a period of six years. During Trinity term this year, the committee will conduct a review of Campion Hall. The review will focus on issues coming within the PPH Supervisory Committee’s terms of reference. These may be seen on the Education Committee’s website at www.admin.ox.ac.uk/ecd/committee/pph_tor.

The PPH Supervisory Committee would welcome for its review written comments on any matters falling within the terms of reference. Written comments should be sent to the Secretary to the Supervisory Committee, Dr Michael Redley, Education Policy Support, University Offices, Wellington Square, Oxford OX1 2JD (email: michael.redley@admin.ox.ac.uk), by 16 May.

Proposals for Honorary Degrees to be conferred at the Encaenia in 2015, and for Degrees by Diploma

Members of Congregation are encouraged to suggest the names of people on whom such degrees might be conferred. Encaenia honorary degrees are conferred at the University’s annual ceremonial event and degrees by diploma are conferred on heads of state and royalty. When considering possible honorands, the Honorary Degrees Committee will focus on individuals in the following categories:

1. those of high academic distinction in the fields of research and scholarship of specific interest to the University of Oxford
2. those distinguished in the visual, literary, musical and performing arts
3. those distinguished in business and industry
4. those who have played a distinguished role in public life, for example in contributing to progress and change in society
5. those who have made a significant contribution to the activities of the University of Oxford – such individuals would normally also fall into one of the categories above.

Within those categories, the Honorary Degrees Committee will aim to produce a balanced list, which takes account of the global dimension that characterises this University’s activities. The Honorary Degrees Committee therefore encourages the nomination of individuals of conspicuous distinction with particular reference to diversity.

Honorary degrees will not be conferred on anyone who holds, or who has retired from, a resident teaching, research or administrative post within the University or in any college or other society, except in exceptional circumstances such as distinguished service outside the terms of his or her paid service.

Nominations should be sent on the approved application form, which is available from the Secretary to the Honorary Degrees Committee (tel: (2)80199, email: felicity.burchett@admin.ox.ac.uk) or can be downloaded by staff logging into the University of Oxford Single Sign-On system (www1.admin.ox.ac.uk/councilsec/governance/committees/hondegrees).

The completed form should be sent to the Secretary to the Honorary Degrees Committee, University Offices, Wellington Square, or by email to felicity.burchett@admin.ox.ac.uk by 9 May, under 'Strictly Confidential' cover.

While informal soundings within the University will often be desirable, every effort should be made to ensure that publicity is not at any stage given to any specific proposal for the conferral of an honorary degree. All nominations will be considered in strict confidence by the Honorary Degrees Committee, which submits its report to Council at the beginning of Michaelmas term. After discussion, Council will report back to the Honorary Degrees Committee, which will arrive at a list of honorands to put to Congregation.

The names of people on whom degrees by diploma and honorary degrees have recently been conferred may be found in the University Calendar, 2013–14, pp535–9.

This year’s honorands are:

Sir Harrison Birtwistle
Professor Wallace Broecker
The Most Revd Dr Katharine Jefferts Schori
Sir Anish Kapoor
Professor Jean-Marie Leh
Mr Robert Silvers.
