Council of the University

Changes to Regulations

Council has made the following changes in regulations, to come into effect on 8 June.

(a) Inclusion of Oxford University Press into the financial accounts of the University

Explanatory Note

The following changes to Regulations provide for the inclusion of the accounts of Oxford University Press in the University’s Financial Statements. The changes are made by Council on the recommendation of a review group, which was set up to consider this matter, comprising representatives from both the Press and the University.

The change, which allows the University to meet current accounting standards, will be effected by an extra accounting document, with the separate activities of the University and the Press published in the form of segmental reporting within the overall accounts and the Press publishing its own accounts in addition. The Press’s year-end of 31 March will not alter.

Text of Regulations

1 In Council Regulations 20 of 2002, concerning Regulations for the Delegates of the Oxford University Press, amend regulation 8 as follows (new text underlined, deleted text struck through):

‘8. (1) The annual accounts of the Delegates for the year ended 31 March shall be subject to the provisions of regulations 9–12 below, and shall not be included in the consolidated income and expenditure account, balance sheets, and related statements and notes set out in the Financial Statements of the University prepared and audited under the Financial Regulations.

(2) In addition, the Press shall submit to the Director of Finance of the University such financial information as is required to enable the University to include the Press in the audited consolidated income and expenditure account, balance sheets and related statements and notes set out in the Financial Statements of the University for the year ended 31 July.’

2 In Council Regulations 1 of 2010, the Financial Regulations, amend regulation 1.2 (1) as follows (new text underlined):

‘1.2 Application

(i) These regulations and supporting financial processes made under regulation 1.3 (3) (a) below apply to all bodies included in the University’s annual audited financial statements, except University Societies (as defined in Statute V), subsidiary companies and the Press (which has its own financial regulations and processes and is provided for in Council Regulations 20 of 2002). The Regulations and Financial Processes apply to all funds received or held by University bodies, from whatever source.’

(b) Changes to Financial Regulations regarding Oxford University Endowment Management

Explanatory Note

These changes, made to clarify the authority given to OUem through its Investment Management Agreements, remove the requirement for changes in OUem’s internal delegated authority to be approved by GPC and Council.

Text of Regulations

1 In Council Regulations 1 of 2010, amend regulation 1.5 (2) as follows (new text underlined, deleted text struck through):

‘1.5 (2) Financial Limits to Authorise Expenditure Commitments Tables B, C, D, E and F and G below summarise the upper internal limits on authority to commit to levels of expenditure (in contract or otherwise). Table B sets out those limits in respect of non-capital departmental expenditure (the rules concerning the authorisation and approval of research projects are set out in regulation 4.1). Tables C, D and E set out limits in respect of capital expenditure together with reporting requirements. Table F sets out the limits applicable to investment decisions and Table G the limits applicable to the financial write-off of bad debts.

2 Ibid, delete Table F and rename Table G as Table F.

3 Ibid, amend regulation 2.2 (6) to update the reference to Table G as Table F.

4 Ibid, amend regulation 3.1 (2) to update references to Table H as Table G.

5 Ibid, amend regulation 6.4 as follows (new text underlined, deleted text struck through):

‘6.4 Oxford University Endowment Management Limited Oxford University Endowment Management Limited (“OUEM”), a subsidiary company, is responsible for the management of certain investments of the University and those of The Oxford Funds. OUEM may delegate its authority to identified fund managers. The financial limits applicable are shown in Table E above. The Board of OUEM is responsible for managing delegated authority limits within OUEM in respect of the Funds it manages.

(c) Changes to membership of the Strategic Capital Steering Group

Explanatory Note

The proposed changes amend the membership of the Strategic Capital Steering Group (SCSG), to make the Pro-Vice-Chancellor (Academic Resources and Information Systems) an ex officio member of SCSG.

Text of Regulations

In Council Regulations 15 of 2002, amend Part 12 concerning the Strategic Capital Steering Group (new text underlined deleted text struck through):

12.1. The Strategic Capital Steering Group shall consist of:

(1) the Pro-Vice-Chancellor (Planning and Resources) who shall chair the Group;

(2) the Pro-Vice-Chancellor (Academic Resources and Information Systems)
two external members appointed by Council, not being members of the Audit and Scrutiny Committee;

(11) the Director of Finance; and

(12) one of the Proctors or the Assessor as may be agreed between them.'

(d) Oxford School of Global and Area Studies

Explanatory Note

The following changes, made on the recommendation of the Social Sciences Board reflect the renaming of the School of Interdisciplinary Area Studies as the Oxford School of Global and Area Studies. The use of this new title more accurately reflects the nature of the school's activity. The opportunity has also been taken to remove the requirement for the Social Sciences Board to include any member of University Council elected by and from among members of the faculties and sub-faculties in the Social Sciences Division and to increase the number of persons who may be co-opted to the board from three to four, in line with the membership of the Humanities; Mathematical, Physical and Life Sciences; and Medical Sciences Boards.

Members of Congregation are reminded that any two members may, not later than noon on 4 June, give notice in writing to the Registrar that they wish to oppose or amend any of the resolutions at (1)–(2) below (see the note on the conduct of business in Congregation below). If no such notice has been given, and unless Council has declared otherwise or the meeting has been adjourned, the resolutions shall be declared carried, and the meeting may be cancelled.

(1) Voting on a resolution authorising the use of space in the Beecroft Building

Explanatory Note
The Beecroft Building provides five floors of office accommodation and collaboration space and state-of-the-art basement laboratory space providing the high-quality environment with ultra-low vibration levels and close temperature control necessary for the successful delivery of physics research.

The Beecroft site (formerly known as ‘Clarendon 2’) was allocated to the Department of Physics to facilitate the relocation of Theoretical Physics from 1–4 Keble Road, and contribute towards the achievement of the long-term objective of consolidating the Department in a single location. Following completion of the Beecroft Building, 1–4 Keble Road will be released subject to allowing for a period of time to relocate.

Text of Resolution
That approximately 2,694 sqm net usable area, being the whole of the Beecroft Building, be allocated to the Department of Physics with effect from completion of the building for an initial period of ten years.

(2) Voting on a resolution authorising the use of space for the BioEscalator

Explanatory Note
The University is currently constructing a new science innovation and amenities building, known as Building 696 (formerly known as the Amenities Building), on its Old Road Campus in Headington. The project, which will house the BioEscalator as well as the commercial pharmaceutical company Novo Nordisk, is due to complete on 31 July 2018. The new building will also contain a multi-storey car park serving the whole campus, and a distribution centre.

The following space allocation provides for the space relating to the BioEscalator to be assigned to the Medical Sciences Divisional Office, which will be responsible for arranging tenancies, licences and other agreements relating to the use of its space and shared facilities.

Text of Resolution
That approximately 1,057 sqm net usable area on the ground and first floors in Building 696 be allocated to the Medical Sciences Divisional Office with effect from completion of the building (expected to be 31 July 2018) for an initial period of five years.

- C E Swales, Faculty of Clinical Medicine

**Candidate statement:**
I have been a part of Oxford University for almost 20 years. I initially considered the University as a place where I can carry on my research and do my teaching, and was mostly interested in my department. However, I have increasingly become fascinated by the organisation that the University of Oxford is, its values and its aims. I promote the University to prospective students during outreach events because I believe that its unique approach to teaching and its democratic nature are highly valuable. I am active in departmental and divisional committees and am a member of St Hilda's Governing body as well as college committees. Hence, I have accumulated insight and developed an understanding of the University of Oxford at many different levels and feel that I have valuable contributions to make to the University as a whole.

Dr Stephen Payne, MEng DPhil Oxf, Fellow of Keble, Faculty of Engineering Science

Nominated by:
Sir Jonathan Phillips, Warden of Keble
R Banares-Alcantara, New College, Faculty of Engineering Science
C C Coussios, Magdalen, Faculty of Engineering Science
S R Duncan, St Hugh's, Faculty of Engineering Science
D A Hills, Lincoln, Faculty of Engineering Science
D W Murray, St Anne’s, Faculty of Engineering Science
C R Siviour, Pembroke, Faculty of Engineering Science
I L Tarassenko, St John’s, Faculty of Engineering Science
M S Thompson, Wadham, Faculty of Engineering Science
R H J Willden, St Edmund Hall, Faculty of Engineering Science

Candidate statement:
Dear colleagues

I am standing for Council to represent joint appointment holders. There are few Tutorial Fellows on Council, and none from either the MPLS or Medical Sciences Divisions. As an Associate Professor in Engineering Science and a Tutorial Fellow at Keble (since 2006), I am therefore asking for your vote to provide a more balanced representation of our academic community on Council.

I believe that I have the right experience across many aspects of academic life. In my department I am currently serving as Chair of Faculty (and Associate Head of Department for Teaching) and sit on the MPLS Divisional Board; I have previously been Director of Graduate Studies, run a taught MSc course and won a University Teaching Award. In my college I am currently Dean (for the second time) and Deputy Bursar, alongside being Director of Studies and doing a full teaching stint.

My experience is also very broad: my research on cerebral blood flow is highly interdisciplinary across the physical and medical sciences, and I have published 3 books and over 80 journal papers in the last 10 years, supervising 23 DPhil students to successful completion. I am also a Fellow of the Royal College of Organists.

Council needs representatives from those of us balancing day-to-day teaching and research with being good citizens, to enable us all to flourish in an atmosphere that encourages and supports excellence in all three aspects of academic life. I would therefore like to ask for your vote.

Thank you.

Balazs Szendroii, BA CASM PhD Camb, Fellow of St Peter’s, Faculty of Mathematics

Nominated by:
Sir Nigel Shadbolt, Principal of Jesus
M D Damazer, Master of St Peter’s
M R Bridson, Magdalen, Faculty of Mathematics
H R Dorkins, St Peter’s, Faculty of Physiological Sciences
A M Etheridge, Magdalen, Faculties of Statistics and of Mathematics
C J Foot, St Peter’s, Faculty of Physics
F C Kirwan, New College, Faculty of Mathematics
K Marsh, St Cross, Faculty of Clinical Medicine
A Williams, St Peter’s, Faculty of English
M Wormald, Corpus Christi, Faculty of Biochemistry

Candidate statement:
I have been a University Lecturer at the Mathematical Institute and Fellow and Tutor in Pure Mathematics at St Peter’s College since 2005, with Professorial title awarded in 2014. I have served my College as Tutor for Admissions (2008-2013) and Senior Tutor (since 2015), and have had long stints on a variety of College and Departmental Committees including Academic Affairs, Admissions, Investment and Art. My research interests lie in algebraic geometry; I was awarded the Royal Society Leverhulme Trust Senior Research Fellowship in 2013.

For a number of years I have been co-ordinating a range of research training and development activities in sub-Saharan Africa. I have served on the Council of the African Institute of Mathematical Sciences, Cape Town, since 2014 and I am a member of the Steering Committee of AoOx, the Africa Oxford Initiative.

I believe these roles and projects have given me a range of skills and insights that would allow me to contribute effectively as a member of Council. If elected, one of my main priorities would be to represent Congregation’s expressed views on crucial issues such as pensions provision. I would also aim to work to preserve the values of the tutorial system, while helping it adapt to modern expectations; to further the training of young scholars and scientists, including those from the Global South; to help meet the challenges of Brexit; and to uphold academic freedom for all members, junior and senior, of the Collegiate University.

• One member of Congregation, not necessarily being a member of any division and not in any case being nominated in a divisional capacity, elected by Congregation to hold office from MT 2018 to MT 2022 [vice Professor Anne E Trefethen, St Cross]

The following nominations have been received:

Tania Boyt, MBA Open, Department of Physiology, Anatomy and Genetics

Nominated by:
D Blakey, Research Services
J Y Martin, Department of Pharmacology
D J Paterson, Merton, Faculty of Physiological Sciences
D J Tyler, Somerville, Faculty of Physiological Sciences

Candidate statement:
I am currently the Head of Administration and Finance in the Department of Physiology, Anatomy and Genetics. Since joining the University in 2001, I have been the Departmental Administrator/Head of Administration and Finance for five different departments across two divisions. Undertaking these roles has provided me vast experience in all the key departmental administrative areas including HR, finance, research, Estates, infrastructure, teaching and student administration. My background is in human resources but I am able to cover all aspects of university administration.

During my University departmental experience, I have relished the variety of challenges that each department has offered. I pride myself of being able to work across the whole width and breadth of administration from strategic to the coalface and across every discipline.

As a member of Congregation, I believe it is important and an obligation to participate in the operation of the University community. I currently sit on numerous University committees and working groups and these add to my growing depth of knowledge. I feel I would be a valued member of the Committee and would welcome the opportunity to bring my operational expertise and experience to assisting the wider University.

John S C Eidinow, MA Oxf, Dip Law City, Fellow of Merton, Faculty of Classics
Candidate statement:
The democratic self-government of the University is one of the most precious inheritances we have. The capacity of members of Congregation to participate in the government of the University, to elect those who lead and guide the University, to influence its strategies, and to alter its direction is, I firmly believe, an essential strength of the University and vital to the well-being of its members. For many years I have observed (and, of course, criticised), but I have come to the conclusion, partly as the result of recent events, that successful democracy requires personal participation and a willingness to serve and share in the responsibility. I hope I could bring to Council, if elected, a passion for good governance, a constructive willingness to ask difficult questions, an enthusiasm for the importance of the people who make the University what it is, and the ground-level perspectives of the ordinary college Fellow.

I am a Fellow of Merton College, where I have taught since 1992, and where I now also serve as Keeper of the Statutes and Bylaws; I have served on several College committees including the Finance Committee. I have been Tutor in Classics at St Benet’s Hall since 2004; I serve on several Hall committees, including Education Committee and am currently Presiding Fellow. I have twice been a Pro-Proctor of the University.

Candidate statement:

My role as Chief Operating Officer of the Bodleian Libraries includes responsibility for both the estates projects and facilities management teams.

Over the past 10 years, I have been very involved in the planning and completion of a major £130m capital programme which has included refurbishment of a number of library buildings (including the Weston Library) as well as building the new book repository at Swindon. This experience, which included attendance at the project sponsor groups, has given me a very sound knowledge of how capital projects are managed within the University.

The Bodleian Libraries are located across Oxford in a variety of buildings, a number of which are of major historic importance. I regularly work with colleagues in Estates Services on a variety of topics ranging from repairs and maintenance, sustainability, space allocation through to finance. Within the Libraries I oversee the budget and my project involvement with the Weston library has made me familiar with the complexities of capital project budgets and important related aspects such as VAT.

Complicated new buildings and historic old ones bring challenges in respect of the systems within them and I have also worked over recent years with the sustainability team in Estates Services on a number of energy efficiency programmes to reduce our carbon footprint.

Drawing on this experience, I’d be very pleased to serve as a member of the Building and Estates Sub-Committee to help ensure building projects are well run, cost-efficient, and respect of Oxford’s unique historic environment.

Louise Stratton, Finance Division

Nominated by:

G L Boon, Finance Division

L E Cooper, Finance Division

S Davies, Estates Division

E Morris, Said Business School

N A Roberts, Continuing Education

Candidate statement:

In my role as University Fixed Asset Accountant I engage with the end result of the decisions made in BESC and PRAC. I feel the detailed work I do on the accounting of the University Functional Estate, including leased properties, gives me detailed knowledge that could be of value to BESC as well as enhance understanding and appreciation in my own role. I could offer a different perspective due to my 12 years in post, such as an awareness of financial implications of decisions.

I would give an objective and independent view of the estate but hopefully an informed one. I believe it would give me a broader view of Estates and the activity undertaken by them, which in turn will aid me in my own area of work.

Over the last few years especially I have been more and more involved in policy and process changes and work with the highest level of leadership within the University regarding our assets and want this to continue and expand and I see membership of BESC as part of this continued growth.

I hope to be able to give more to my current role, team and department by giving more considered advice, contributing from a position of full understanding of the wider impact of changes and issues facing the University Estate. I want to contribute more and I feel this membership would be part of this by the additional contribution this will allow me to give.

Candidate statement:
I am standing for election as I believe my

Museum's governance. As a member of the
Ashmolean Research Committee I currently

I will be Chair of the Conference of College's

to outreach, equality of access and, more
broadly, widening participation. These
roles chime with my research interests in
the development of children’s language

success.

I am a Fellow of the British Academy, Fellow

Fellow of the Academy of Social Sciences

An associate professor and tutorial

I have become well acquainted with the Ashmolean and its collections. I regularly teach in the galleries and for five years co-convened the Ashmolean Research Seminar. A firm believer in the importance of the Ashmolean’s outreach role, I have given a number of public lectures in the museum. Previously I taught at Princeton, where I curated several exhibitions at the University Art Museum, and I have also worked at the Metropolitan Museum and the Minneapolis Institute of Arts. Alongside this museum experience I have served as a trustee of the Association of Art Historians where I gained invaluable familiarity with a range of governance issues.
