Explanatory Notes

Clauses 1-2: These changes are minor amendments to add capitalisation to the module titles.

Clause 3: This updates the name of this committee in line with what it has been known as for a number years (UTEC).

Clause 4: This clause is a follow up to a previous examination regulation change that requested a change to the deadline for submission of the fieldwork report, in line with a change to the timing of the fieldcourse. In the previously requested change, no amendment was requested to the reference to the timing of the fieldcourse – only a change to the fieldwork report deadline was requested – this change rectifies the omission.
