The assessment of the annotated bibliography and the dissertation proposal will be on a pass/fail basis only, and candidates who fail one of these elements will be given the

### opportunity to submit a revised version in the course of their programme.

# **Explanatory Notes**

The Annotated Bibliography and the Dissertation Proposal will remain part of the course, but as a formative exercise rather than a formal assessment that appears on students' academic transcripts. This is more appropriate, as both the Bibliography and the Proposal are intended to aid students in completing their Dissertations, rather than be assessment components in their own right.
