Budgetary units are required to keep income and expenditure within the budgetary targets set by their parent body. Where expenditure is expected to exceed income, the unit must seek prior approval from its parent body to set a deficit budget. If the deficit arises for reasons other than the planned spending down of previously accumulated reserves the unit must provide a plan to show how the budget deficit will be recovered, over a period of no longer than three years, unless otherwise agreed by PRAC. Parent body approval is still required if the deficit arises from the spending down of previously accumulated reserves but in this case it is not necessary to provide a recovery plan.

Budgetary units are required to keep their income and expenditure within the budgetary limits approved by PRAC. In so doing, divisions may agree to offset their departmental budgets against one another.

2 Ibid, amend regulation 1.4(3) as follows (new text underlined, deleted text scored through):

‘(b) All employees and others with responsibility for the administration and management of funds received or held by the University have a responsibility to guard against fraudulent practices affecting the University and follow the University Policies on Bribery and Fraud, and Gifts and Hospitality if such practices are discovered, seeking advice from the Senior Assistant Registrar (Compliance) in the Council Secretariat Head of Financial Assurance Services as required.’

(3) For all equipment and services expenditure incurred on research awards departments should ensure that each award funder’s general and grant-specific terms and conditions for the procurement process are met. Note that these requirements will sometimes go beyond the University’s standard requirements outlined above.

(4) All contracts for the purchase of goods must incorporate the University’s standard conditions of purchase, and all contracts for the procurement of services must be in the form of the University’s standard contracts for services, unless (in either case) other terms are negotiated through the Purchasing Department or for construction-related contracts Estates Services. ‘(1) All salaries and expenses processed through the Payroll process control framework and Expenses and Benefits Guide process. The requirements for relocation expenses, travel and subsistence expenses, and payments for entertaining are set out in the University’s Expenses and Benefits Manual.’

8 Ibid, amend regulation 6.1 as follows (deleted text scored through):

‘All cash within the unit must be managed in line with the Cash Handling and Banking process.’

9 Ibid, amend regulation 6.6 as follows (deleted text scored through):

**University Committees: Vacancies for appointment by Council and/or its General Purposes Committee**

Council’s General Purposes Committee (GPC) invites members of the University (subject to eligibility) to submit expressions of interest in relation to the following vacancies to which it or Council appoints.

Expressions of interest must be received by the Council Secretariat (shirley.mulvihill@admin.ox.ac.uk, tel: (2)80463) by **4pm on 31 March**.

prior to submitting an expression of interest. Expressions received from individuals will be collated by the Council Secretariat with those names received through other routes (such as via heads of division, heads of house or committee officers directly). All names will then be reviewed by the Registrar and Vice-Chancellor prior to being forwarded to GPC and/or Council for consideration as the appointing bodies for these committees.

It should be noted that the appointing body remains free to take its own decision, irrespective of any names received through this route. In particular, to support the commitments made by the University under its equality scheme, the appointing body will take into consideration the overall balance of membership on the body concerned, with reference to the appropriate representation of ethnicity, disability, age and gender.

Changes to Examination Regulations

Planning and Resource Allocation Committee and Education Committee

REGULATIONS ON FINANCIAL MATTERS

Explanatory Note
The following change revises and streamlines the information set out in the Financial Matters Appendix to the Examination Regulations following a review by the Planning and Resource Allocation Committee (PRAC) and Education Committee, on the recommendation of the Joint Fees and Student Support Advisory Group.

The revised version removes the rates of fees that are set annually, and instead refers to the Fees and Funding website at www.ox.ac.uk/feesandfunding. This website gives the annual fees, dating back to 2005/6, in a format that is far clearer than that adopted in the Financial Matters Appendix. The website includes lists of fees that can be analysed by division, department, year of entry etc. and also a fees and funding search that brings up information on fees and financial support for those interested in any area of study.

In the Financial Matters Appendix as it currently stands, many fees are listed under a schedule: as fee rates have become increasingly differentiated over recent years, the number of fee categories (or fee bands) listed in the schedule has increased, while many programmes have moved from one category to another, and so are listed under more than one category according to year of student entry. Even so, fees for an increasing number of courses do not fall into any of the categories listed in the schedule and so are listed in a separate table. However, this is not comprehensive. The outcome is that the appendix is not suitable for interrogation by students or staff other than fee specialists. Rather than restructure the appendix, for instance by reproducing within it the fee...
lists on the website, it is proposed simply to cross-refer to the website. The same group of officers (from Planning and Resource Allocation, Education Policy Support and Student Services, in consultation with the divisions) are responsible for ensuring that both the website and appendix are updated to reflect the fees approved annually by PRAC and Education Committee on the recommendation of the Joint Fees and Student Support Advisory Group, and previous years’ fees are archived on the website; there will therefore be no loss of accuracy, but the change will reduce duplication of effort in presenting fees in different formats.

The opportunity is taken to re-order the appendix in a more logical sequence; to remove the Special Appendix, concerning the definition of ‘home’ student status, which is derived from government regulations, and instead to refer directly to those government regulations; to include text that was previously in footnotes within the related main clauses; and to adopt some rewording. In particular, ‘University fees’ has been substituted for ‘Composition fees’, the latter being an archaic term that has given rise to confusion.

The changes now put forward will reduce the length of the Financial Matters Appendix by over half.

The text below reproduces the proposed new version of the Financial Matters Appendix in full. New wording is underlined and deleted words struck through. Changes in the ordering of subsections are not highlighted, and removed subsections are not shown, but are explained above. The current version of the Appendix may be found at www.admin.ox.ac.uk/examregs/52-00_APPENDIX_I.shtml.

With effect from 1 October 2014

In Examination Regulations 2013, delete from p1121, 14 to p1157, l 36 and substitute:

1. All fees payable under this Section are payable by members of the University.

§1. Composition University fees payable by members of the University

1. All fees payable under this Section are set by Council’s Planning and Resource Allocation Committee on an annual basis and are available from www.ox.ac.uk/feesandfunding/fees/information/universityrates or from the Planning and Resource Allocation Section. The ‘ELQ’ rate is payable by students who meet the criteria for the ‘home’ rate but who are reading for a qualification of an equivalent or lower level to one they already hold. The ‘islands’ rate is payable by residents of the Channel Islands or the Isle of Man who meet the requirements laid down by the respective islands governments. Where a course does not have a separate ‘ELQ’ or ‘islands’ rate, the ‘ELQ’ or ‘islands’ rate will be the same as the ‘home’ rate. All students not meeting these criteria shall pay fees at the ‘overseas’ rate unless otherwise exempted.

2. (a) Every member of the University shall pay a composition University fee at the appropriate annual rate for each academic year in which he or she is working in Oxford:

(i) for the Degree of BA or the Degree of MBiochem or the Degree of MChem or the Degree of MMathCompSci or the Degree of MEarthSc or the Degree of MEng or the Degree of MMath or the Degree of MCompSci or the Degree of MCompPhil or the Degree of MPHys or the Degree of MPhysPhil or the Degree of MMathPhil (Those working for an honour school requiring the study of one or more languages for an academic year outside Oxford or for Law with Law Studies in Europe, or for an honour school requiring a period of study shorter than a year outside Oxford, or for Part II in Chemistry or Metallurgy and Science of Materials or Molecular and Cellular Biochemistry, or for Part II in the Honour Schools of Engineering Science [until 1 October 2017] or Engineering, Economics and Management) [until 1 October 2018] or Materials, Economics and Management), shall be deemed for all the purposes of this clause to be working in Oxford for the degree of BA or the Degree of MBiochem or the Degree of MChem or the Degree of MEng, whether or not their work is being undertaken in Oxford); (ii) for the Degree of BFA; (iii) for the Degree of BCL or Magister Juris; (iv) for a second Final Honour School; (v) for the First Examination for the Degree of BM; (vi) for the Diploma in Theology; (vii) for the Diploma in Legal Studies; (viii) for the Certificate in Diplomatic Studies; (ix) for the Postgraduate Diploma in Diplomatic Studies; (x) for the Postgraduate Diploma in Education; or (xi) for the Postgraduate Certificate in Education (those working for the certificate shall be deemed for all the purposes of this clause to be working in Oxford, whether or not their work is being undertaken in Oxford).

(e) (i) Where admission as a graduate student is reckoned from a term earlier than that in which the application for admission was approved, on the grounds that:

(a) a term or terms had been spent at another university on a course of study directly relevant to the work subsequently undertaken for the degree of MLitt, MSc or DPhil, and

(b) the earlier study had not led to the award of a qualification of any university, and was under the supervision of a person who has subsequently taken up an appointment at Oxford,

(ii) subject to the approval of Council’s Education Committee, any fees payable under cl 4 above in respect of such term or terms may be remitted either wholly or in part. For the purposes of determining the appropriate fee level, the student will usually be deemed to have commenced the programme of study in the term to which their admission has been antedated.

6. Subject to the approval of Council’s Education Committee, where a clinical student has already spent at least three terms working full-time for the Degree of MSc by research and has paid at least three composition University fees in respect thereof, any further fees payable in respect of the MSc course for terms in which he or she is also working as a clinical student at a university clinical school outside Oxford may be remitted.

7. Every member of the University shall pay such other fees applicable to him or her as may be prescribed by any statute or regulation.

§2. Visiting, Recognised and Matriculated Non-Award Students

1. Every member of the University who, not holding an academic appointment in the University or the colleges, has been matriculated in order to study in the University otherwise than for a degree, diploma or certificate of the University shall pay a composition University fee at the appropriate annual rate published at www.ox.ac.uk/feesandfunding/fees/information/universityrates or available from the Planning and Resource Allocation Section for each term in which he or she is studying in the University.
3. Every member of the University or she is studying in the University. Allocation Section for each term in which he or she is studying in the University fee at the appropriate annual rate published at www.ox.ac.uk/feesandfunding/fees/information/universityrates or applicable to him or her as may be prescribed by any statute or regulation.

§3. Arrangements relating to the payment of University fees

1. (a) Not later than the fourteenth day after the last day of every Full Term, the Head or Bursar of every society, or the Head of the student’s department for programmes where fees are usually paid directly to the department, shall send to the Secretary of the Chest a schedule signed by himself or herself containing the names of all members of the society who were liable to pay the composition University fees referred to in §1 and §2 above, in respect of that term.

2. The Annual composition University fees shall be paid on or before the seventh day of Michaelmas Full Term (or of the term in which the student commences his or her course, as the case may be) unless the Bursar of the student’s college or the Head of the student’s department for programmes where fees are usually paid directly to the department, certifies in writing that:

(a) the college has approved the student’s application to pay by instalments, the first such instalment having been paid; and/or

(b) the student has applied for, and is prima facie eligible for, a contribution to his or her fee from his or her local authority (or other fee-paying body) and the college is of the opinion that no contribution will be required from the student;

(c) the student’s programme did not commence on the first day of the relevant term, and payment is due on the seventh day after the actual commencement of the student’s programme.

3. (a) In the event that any fee or continuation charge payable by the student, or the relevant instalment towards such a fee, remains unpaid after the due date of payment it shall be the duty of the Bursar of the student’s college, or the Registrar for programmes where fees or charges are usually paid directly to the University, or the Head of the student’s department for programmes where fees or charges are usually paid directly to the department, to notify the student concerned that, in the event that the fees or charges due have not been paid in full within four weeks from the date of such notification, the student shall be liable for suspension from access to the premises and facilities of the University (including the Examination Schools and other places of examination) from the end of such four-week period until such time as outstanding fees or charges have been paid. The Bursar or Head shall also inform the Registrar that he or she has so notified the student concerned; and if the fees or charges due have not been paid in full within the specified four-week period, the Bursar or Head shall inform the Registrar of the position, whereupon, subject to the other provisions of this clause, the University shall have the right forthwith to suspend the student concerned from access to the premises and facilities of the University.

(b) On application by their society, or by the Head of the student’s department for programmes where fees are usually paid directly to the department, and subject to the approval of Council’s Education Committee, some part of the fee for an academical year may subsequently be returned to those who do not work in Oxford as a result of suspension or withdrawal, for the whole of that year. The general rule agreed by Council is that, for each complete term not spent working in Oxford, one-third of the annual fee shall be returned. In addition, if a student withdraws or suspends their status on or before Monday of Week 4 of any term the fees payable in respect of that term will generally be reimbursed to the student. Certain programmes which have been granted permission to charge non-refundable deposits and programmes within the Department for Continuing Education and the Said Business School may operate different refund policies.

(c) Applications for the remission or waiver of University fees, for the resolution of issues relating to the non-payment of University fees, and for other questions of doubt or difficulty relating to the liability of individual students for University fees, including those covered under paragraph 2 above, and for questions of doubt or difficulty relating to the charging of deposits for course fees, and for tuition fee reductions or charge waivers, shall be determined by the Fees Panel. The Panel shall be chaired by the Assessor and consist of two members nominated by Conference of Colleges, two members nominated by Council’s Education Committee, and the Assessor-elect. Applications for dispensation from residence requirements, other than those specified above, shall be determined by the Proctors, on condition that if the Fees Panel or the Proctors, as the case may be, are unable to agree on how to deal with any individual application they shall refer the application to Council’s Education Committee for decision.

(d) There shall be no appeal against a decision of the Fees Panel. A student may, however, make a further application under the procedures outlined above for relief from suspension or such terms.
as may have been imposed by a Fees Panel if the Bursar of his or her college supports an application on the basis that the student’s financial circumstances have changed for reasons beyond his or her control.

§4. Regulations relating to the University continuation charge

1. A candidate admitted to graduate research study (that is, a student for the DPhil, EngD), MLitt, MSc(Res), or any other programme of study designated as a research programme) who commenced their current programme of study in or after September 2011 and who has reached the end of the period of fee liability, as defined at §1, cl 5, and who thereafter remains registered as a graduate research student, shall pay a continuation charge for each subsequent term up to and including the term in which the thesis is submitted. Candidates whose thesis has been referred back shall pay no further composition University fee or continuation charge, but shall pay the fee prescribed in §7 below when they apply for re-examination.

2. A student who is paying composition University fees in respect of any given term shall not be liable for a continuation charge in the same term.

3. The continuation charge first became payable in 2013–14 and the rate will be reviewed on an annual basis. The rate for the current academic year is available from www.ox.ac.uk/feesandfunding/fees/information/maxlib/otherfees or from the Planning and Resource Allocation Section. Divisions may remit the continuation charge (subject to approval by Council’s Planning and Resource Allocation Committee) for graduate research students on a specified course or courses of study, provided that the remission applies to all students on that course in a specified term or terms of study.

§5. Regulations relating to the fees for certain scholarship and exchange agreements

1. Notwithstanding the provisions of §1 above, the University shall remit three-fifths of the prescribed composition University fees payable by any overseas student who establishes, by information certified to the Secretary of the Chest by an officer of the student’s college or society, that at least half of the cost of the student’s maintenance (as distinct from University or college fees) in the relevant year has been provided by resident Junior Members of the University (otherwise than from funds of common rooms contributed directly or indirectly by local education authorities or other grant-paying authorities in payment of membership fees); provided that the number of students whose fees are remitted under this clause shall not in any one year exceed thirty-five and that any arrangements required for determining the allocation between colleges or other societies of the benefits available under this clause shall be subject to approval from time to time by Council’s Education Committee.

2. Council’s Education Committee shall have power to approve exchange arrangements with other universities under which no fees are payable on either side. Any of the University fees prescribed in §1 or §2 above, which would otherwise have been payable by any person working in Oxford under those exchange arrangements shall be remitted.

Bursary levels will be at the rates determined from time to time by Council’s Education Committee and Planning and Resource Allocation Committee. Bursary amounts are set out on the University website. Members of the University described in cl 1 (d), (e), (f) and (g) are set out in cl 11 to 14.

3. All students described in cl 1, who are entitled to receive support from a funding agency as described in cl 6 below, who commenced their programme of study on or after 1 September 2012, and who would otherwise be liable for the full University composition fees as described in §1, hereafter referred to as ‘tuition fees’, will be eligible to be assessed for a reduction in their University fee, hereafter referred to as a ‘tuition fee reduction’, subject to cl 4. The level of the tuition fee reduction will be at the rates determined from time to time by Council’s Education Committee and Planning and Resource Allocation Committee. The different levels of tuition fee reductions are set out on the University website. Special regulations for members of the University described in cl 1 (d)–(g) are set out in cl 11–14. Students will not be entitled to a cash equivalent of a tuition fee reduction.

4. If a student who is eligible to be charged the University composition University fee at the ‘home’ (and EU) rate is not entitled to means-tested maintenance support from his or her funding agency, he or she will not be eligible to be assessed for a bursary or tuition fee reduction in that academic year. Students repeating their first year or transferring to year one of a new course described in cl 1 will not be eligible for any start-up bursary, and will receive a tuition fee reduction at the level received by eligible students after their first year.

6. Requirements for the assessment of a student’s household income are as follows:

(a) a member of the University as described in cl 1 can only be considered for a bursary or tuition fee reduction if he or she is first financially assessed by his or her funding agency and if consent has been given for the University to access this information. Financial assessments will only be accepted from Student Finance England, Student Finance Northern Ireland, Student Finance Wales, the Student Awards Agency for Scotland, the Student Finance Services Non UK Team, the Student Loans Company (SLC) or the National Health Service (NHS). The University will only base a student’s bursary and/or tuition fee reduction upon income information provided to it via the above agencies;

(b) special regulations for financial assessments apply to members of the University who are working in Oxford for the Preliminary Examination in Medicine and Second Examination for the degree of BM. These are set out in cll 11 and 12;

(c) ‘home’ students are obliged to accept any maintenance grant they become eligible for as a result of financial assessment by their funding agency in order to be eligible to be assessed for a bursary and/or a tuition fee reduction. ‘Home’ (and EU) students are not required by the University to take out a maintenance loan or tuition fee loan from their funding agency to be eligible to be assessed for a bursary or for a tuition fee reduction respectively.

7. The annual deadlines for the assessment of bursaries and tuition fee reductions shall be as follows:

(a) to be assessed for an Oxford bursary and/or tuition fee reduction students must comply with the application deadlines set by their funding agency. Students who fail to comply with requests to provide information to their agency will not be assessed by the University after the deadlines listed in (b) and (c) below;

(b) to be assessed, or reassessed, for an Oxford bursary students must ensure that they have provided all information to their funding agency in time to ensure their assessment is complete and available to the University from the SLC or other approved agency by 30 May of the academic year in which they wish to be considered for a bursary;

The student must confirm when he or she applied for funding, what difficulties he or she had in being assessed correctly, the action he or she took to rectify this and provide any corresponding evidence. The student will be expected to respond in a timely manner to any requests for further information from Student Financial Support. The student must also provide the final financial notification for that year as soon as it is available and no later than 20 December of the following academic year. If the student is in their final year of study, the deadline for submission of the financial support notification is Friday of Week 9 of Trinity term of that year.

8. The arrangements for adjustments to bursaries during an academic year are as follows:

(a) each of the regulations in this clause will be subject to the dates and regulations listed in cl 7;

(b) students who have received an overpayment of their bursary following a revised household income assessment will not be asked to repay any funds, unless the bursary was obtained due to incorrect information being knowingly submitted to the student’s funding agency by the student or his or her sponsor;

(c) if a student’s revised household income assessment results in an increased bursary entitlement, subsequent bursary payments will be adjusted upwards to reflect the student’s increased entitlement for the whole year. The increased bursary payments will be calculated as if the student had been eligible for that level from the start of the academic year;

(d) if a student fails to provide information requested by their funding agency, as a result of which the financial assessment is withdrawn, the University will suspend bursary payments until the student’s assessment has been completed by the funding agency, at which point their bursary entitlement will be re-assessed;

(e) the amount paid per term will be one-third of the total annual bursary to which the student is eligible. Students will be expected to repay their bursary for any term where they have suspended or withdrawn before the bursary payment date, currently Week 4 in Michaelmas term and Week 2 in Hilary and Trinity terms.
9. The arrangements for adjustments to fee liability and tuition fee reductions during an academic year are as follows:

(a) each of the regulations in this clause will be subject to the dates and regulations listed in cl 7;

(b) students whose revised household income assessment has increased will not be liable for an increased University fee, unless the initial tuition fee reduction was obtained due to incorrect information being knowingly submitted to the student’s funding agency by the student or his or her sponsor;

(c) if a student’s revised household income assessment has reduced, resulting in an entitlement to a larger tuition fee reduction, he or she will receive an additional tuition fee reduction. The level of the tuition fee reduction will calculated as if the student had been eligible for that level from the start of the academic year.

10. The arrangements for changes to bursary and tuition fee reduction entitlement between years are as follows:

(a) students entitled, in accordance with the criteria set out in §1, cl 1, to be charged University fees at the appropriate ‘home’ (and EU) rate, and who are entitled to be financially assessed by Student Finance Services Non UK Team, may have their household income assessed in the first year of study only. 11. Special regulations apply for members of the University who are working in Oxford for the Preliminary Examination in Medicine (Part II) and Bachelor of Medicine (Second Examination) where these students were admitted on the accelerated four-year course. These are as follows:

(a) the household income of students in years two to four of their course will be estimated on the basis of the financial assessment of their household income in year one of their course or from their latest NHS (or corresponding authority) bursary assessment as evidenced by the student;

(b) students will be eligible to be assessed for a tuition fee reduction in the first year of their course. Those students not eligible for fee support from the NHS/SLC because their funding agency does not provide fee support for this course will be eligible to be assessed for a tuition fee reduction in all years of their course where household income will be estimated on the basis of the financial assessment of their household income in year one of their course. A tuition fee reduction is not available to those students who are eligible for fee support from the NHS/SLC after the first year of their course. The level of the tuition fee reduction will correspond to the reduction available to students described in cl 1 (a), (b) and (c) after their first year of studies;

(c) students will be eligible to be assessed for a bursary for all years of the course. They will not be eligible for any start-up bursary available to students in cl 1 (a), (b) and (c) in their first year of study.
