*Open applicants:* candidates are given the opportunity of applying to Oxford without having to name three colleges. A total of 711 submitted completely open applications, while 1,922 named one college, and 2,192 named two colleges. The missing colleges were allocated by the Admissions Office computer which took into account the application patterns produced by the candidates who had named colleges. 100 of the 711 who submitted completely open applications gained places, which is an acceptance rate of 14.1 per cent. All but two of the 29 colleges were allocated open application candidates; 9 were allocated fewer than 10, 11 were allocated more than 20 with one receiving 114 allocated candidates and another 87.
