Note: non-resident students. In addition there are 469 non-resident undergraduates: of these 302 are linguists, most of whom are spending a year abroad. There are 524 non-resident postgraduates working for their degrees and 453 postgraduates suspended or whose theses are being examined (of these 255 are in Arts, 198 in Science).

In past years matriculated students not following any specific Oxford course have been classified as either undergraduate (No Oxford Qualification) or postgraduate (No Degree or Diploma). It is thought that this approximate distinction is no longer appropriate and all such students are now classified as undergraduates in these tables.

* 67 in Arts and Social Studies, 30 in Science. 32 are Erasmus students.

† 123 in Arts and Social Studies, 34 in Science.

‡ All in Physiological Sciences.

Table IIc HOME AND EC STUDENT PLANNING NUMBERS

From 1982-3 until 1985-6 this table summarised student numbers on the same basis as UGC 'student number targets': from 1986-7 until 1989-90 the summary was on the basis of UGC/UFC 'planning numbers': for 1990-1 and 1991-2 the basis was that of UFC 'funded numbers'. In 1993-4 the HEFCE has given the University figures for 'contract numbers' which have been calculated on a basis no longer comparable in detail with the time-series shown in this table: the total number of contract numbers for 1994-5 is 12,840. This number and all those in the table are expressed in 'FTE' units (Full-Time Equivalent).

Each resident undergraduate counts as 1.0 FTE, with the single exception of (non-matriculated) Registered Visiting Students who are excluded from this exercise: each undergraduate student abroad on a compulsory period of language study counts as 0.5 FTE (since 1989-90).

Postgraduate students are classified thus:

As 1.0 FTE (but excluding in each case those in receipt of the fee concession for university staff):

- (a) resident students following the full-time option of a taught postgraduate course;
- (b) research students in the first three years of study, whether resident or not;
- (c) resident research students in their fourth year of study.

As 0.5 FTE:

- (d) students following the part-time option of a taught course;
- (e) non-resident research students in their fourth year of study;
- (f) resident research students in their fifth or subsequent year of study;
- (g) students who are members of staff paying reduced fees.

Excluded from this exercise (0.0 FTE):

- (h) students whose status is suspended;
- (i) students whose thesis is under examination;
- (j) students who remain registered for a taught course but not resident;
- (k) non-resident research students in their fifth or later year of study.
