Student Numbers 2008

Introduction

Student Statistics tables for 2007–8 are now available on the Academic Administration Division website (Student Information) at www.admin.ox.ac.uk/sr/—click on the ‘Student Statistics’ link on the left-hand side of the page.

The Student Statistics tables provide an overview of the composition of the student body, based on a ‘snapshot’ of the student population at the census date of 1 December. The same ‘snapshot’ forms the basis of both the Higher Education Student Early Statistics return and the Student Number Planning Exercise, but with slightly different criteria. Full details of the criteria can be found on the website address given above. Student number statistics for previous years are available at www.ox.ac.uk/gazette/univstats/studnos.htm.

The Student Statistics tables are based on information held in the Oracle Student System (OSS) and also include data on undergraduate Continuing Education students not held within OSS.

Questions concerning the content or format of these tables should be directed to Student Information Systems (e-mail: sis@admin.ox.ac.uk).
