Supplement (2) to No. 4875

Student Numbers 2009

Introduction

Student statistics tables for 2008–9 are now available on the Academic Administration Division Web site (www.admin.ox.ac.uk/sr/—click on ‘Student Statistics’ on the left of the page).

The statistics provide an overview of the student body based on a ‘snapshot’ taken on 1 December 2008, and allow comparison with the previous two years. The same ‘snapshot’ forms the basis of the Higher Education Student Early Statistics return (www.hefce.ac.uk/learning/datacoll/heses/) and the Student Number Planning Exercise, but with some small criteria differences. These are explained on the Web site.

This supplement contains only the high-level overviews of the student population. The full set of tables and charts are on the Web site, in the following categories:

- Gender and programme of study
- College and gender
- Fee status, programme type and division

- Domicile, programme type and division
- Nationality, programme type and division
- Disability, programme type and division
- Ethnicity, programme type and division

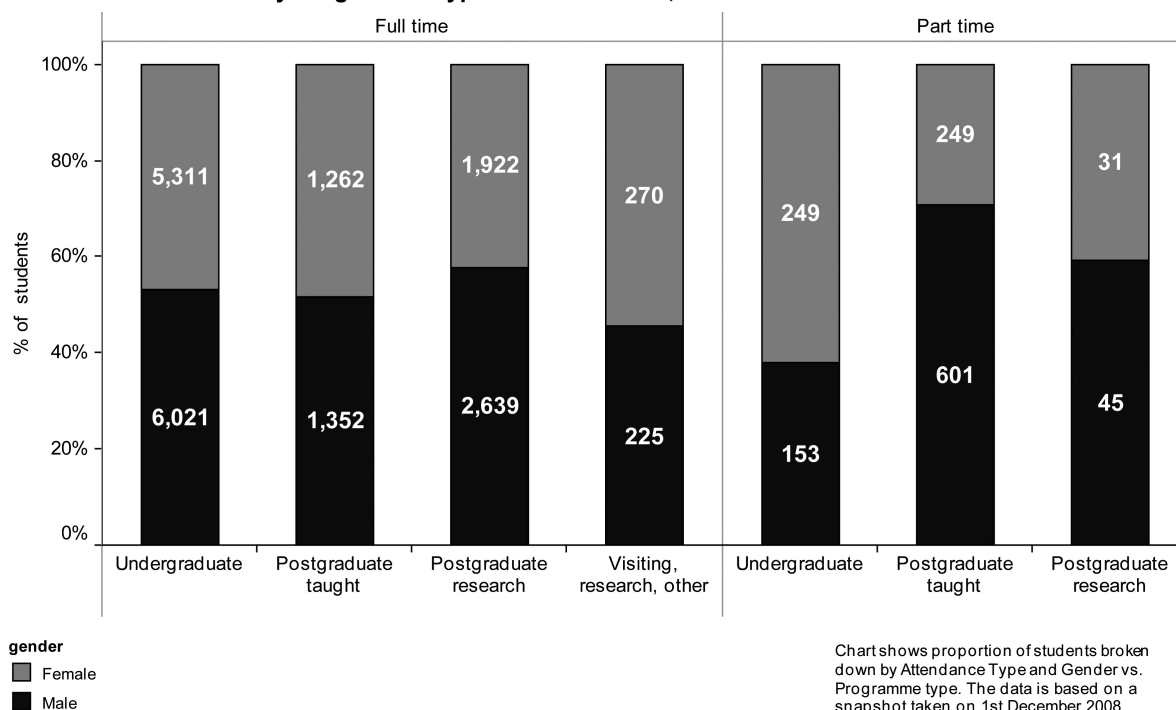

In order to view the reports on the Web site, it is necessary to download and install Tableau Reader, which is free. Instructions are on the Web site. The reports are based on data from the Oracle Student Systems (OSS) and also include data on Continuing Education (OUDCE), which are not held in OSS.

The data are prepared by the Student Data Management and Administration team. Questions concerning the content or format of these tables should be directed to sdma@admin.ox.ac.uk.

Charts and tables below:

1. Number of students as at 1 December 2008 805
2. Numbers of students by division 806
3. Number of students by college 807

1. Number of students by Programme Type and Attendance, 1st December 2008

2. Division, programme type and attendance, 1st December 2008

Division	Programme type	(number)		(%)		(number)	(%)
		Full time	Part time	Full time	Part time	Total	Total
