Changes in Regulations

The General Purposes Committee of Council has made the following changes in regulations, to come into effect on **29 January**.

(a) Establishment of the A B Charitable Trust Gift for the funding of the Institute of Human Rights

Explanatory Note

These regulations record the terms of the A B Charitable Trust gift for the funding of the costs of the director and other staff of an institute of human rights.

Text of Regulations

In Part 2 of Council Regulations 25 of 2002, concerning trusts, insert new §316 as follows, and renumber existing §316 onwards by plus one:

'§316. A B Charitable Trust gift for the funding of the Institute of Human Rights

1. The University receives with gratitude a gift from the A B Charitable Trust to be held on the trusts declared in this regulation.

2. Subject to regulation 6 below, the University shall preserve the capital of the gift as permanent endowment ("the Permanent Endowment").

3. The University shall apply the income only of the Permanent Endowment towards the costs of the director and other staff of an institute of human rights ("the Institute").

4. The administration of the Fund, and the application of its income, shall be the responsibility of the Board of the Faculty of Law.

5. The University may in its absolute discretion in the period ending 21 years from the date of this regulation, instead of applying the income of the Fund in any year, accumulate all or any part of such income by investing it, and holding it as part of the capital of the Fund. The University may apply the whole or any part of such accumulated income in any subsequent year as if it were income of the Fund arising in the then current year.

6. The University shall have power to pay out of capital all reasonable costs of and incidental to the management and administration of the Fund, and (should there be insufficient income and/or income reserves available for the purpose) reasonable staff-related costs if the Institute ceases to operate.

7. The University may exercise any of its corporate powers in the management and administration of the Fund in so far as those powers are not inconsistent with these regulations.

8. Regulations 1–10 shall be deemed to be Trust Regulations under the provisions of Part D of Statute XVI.

9. Subject to regulation 10, Council may amend, repeal or add to these regulations in accordance with Part D of Statute XVI, but no amendment is valid if it would cause the Fund to:

(1) cease to be exclusively charitable according to the law of England and Wales; or

(2) be outside the objects of the University.

10. Any amendment to regulation 3 is an amendment to the main objects of the Fund for the purposes of Part D of Statute XVI and must be approved both by Congregation of the University and subsequently by Her Majesty in Council.

(b) Establishment of the Institute of Human Rights Fund

Explanatory Note

These regulations establish the Institute of Human Rights Fund for the funding of an institute of human rights within the Faculty of Law.

Text of Regulations

In Part 2 of Council Regulations 25 of 2002, concerning trusts, insert new §317 as follows, and renumber existing §317 onwards by plus one:

'§317. Institute of Human Rights Fund

1. The University receives with gratitude significant sums from several donors to be held as expendable endowment on

the trusts declared in this regulation. Further money or property may be paid or transferred to the University as either expendable or permanent endowment to be held on the same trusts. The assets so held will be known as the Institute of Human Rights Fund ("the Fund").

2. The University shall retain as permanent endowment those of the assets in the Fund (if any) which are contributed on the express understanding that they are to be treated as permanent endowment ("the Permanent Endowment").

3. The University shall (a) apply the income of the Permanent Endowment (if any); and (b) apply the income and, in its discretion, the capital of the remainder of the Fund, towards the establishment and maintenance of an institute of human rights ("the Institute") at the University, including, but not limited to: the costs of the director and other staff of the Institute; the Institute's operating and overhead costs; studentships and other grants for those engaged in study or research at the Institute; and the costs of events and activities relating to the work of the Institute.

4. The administration of the Fund, and the application of its income, shall be the responsibility of the Board of the Faculty of Law.

5. The University may in its absolute discretion in the period ending 21 years from the date of this regulation, instead of applying the income of the Fund in any year, accumulate all or any part of such income by investing it, and holding it as part of the capital of the Fund. The University may apply the whole or any part of such accumulated income in any subsequent year as if it were income of the Fund arising in the then current year.

6. The University shall have power to pay out of the capital or the income of the Fund all costs of and incidental to the creation of the Fund, and the management and administration of the Fund.

7. The University may exercise any of its corporate powers in the management and administration of the Fund in so far as those powers are not inconsistent with these regulations.

8. Regulations 1–10 shall be deemed to be Trust Regulations under the provisions of Part D of Statute XVI.

9. Subject to regulation 10, Council may amend, repeal or add to these regulations in accordance with Part D of Statute XVI, but no amendment is valid if it would cause the Fund to:

- (1) cease to be exclusively charitable according to the law of England and Wales; or
- (2) be outside the objects of the University.

10. Any amendment to regulation 3 is an amendment to the main objects of the Fund for the purposes of Part D of Statute XVI and must be approved both by Congregation of the University and subsequently by Her Majesty in Council.'

(c) Establishment of the Comparative and Classical Philology Fund

Explanatory Note

These regulations establish the Comparative and Classical Philology Fund, following receipt of a legacy from Anna Morpurgo Davies.

Text of Regulations

In Part 2 of Council Regulations 25 of 2002, concerning trusts, insert new §74 as follows, and renumber existing §74 onwards by plus one:

'§74. Comparative and Classical Philology Fund

1. The University receives with gratitude the residuary estate of Anna Morpurgo Davies to be held as expendable endowment on the trusts declared in this regulation. Further money or property may be paid or transferred to the University as either expendable or permanent endowment to be held on the same trusts. The assets so held will be known as the Comparative and Classical Philology Fund ("the Fund").

2. The University shall retain as permanent endowment those of the assets in the Fund (if any) which are contributed on the express understanding that they are to be treated as permanent endowment ("the Permanent Endowment").

3. The University shall (a) apply the income of the Permanent Endowment (if any); and (b) apply the income and, in its discretion, the capital of the remainder of the Fund, towards supporting graduate students in Comparative and Classical Philology.

4. The administration of the Fund shall be the responsibility of the Faculty Board of Linguistics, Philology and Phonetics. The Faculty Board shall apply the income of the Fund in accordance with the recommendations of a committee consisting of:

- (1) the Diebold Professor of Comparative Philology or his/her deputy;
- (2) an associate professor in classical philology who is a member of the Faculty of Linguistics, Philology and Phonetics; and
- (3) the Professor of Romance Languages or his/her deputy.

5. The University may in its absolute discretion in the period ending 21 years from the date of this regulation, instead of applying the income of the Fund in any year, accumulate all or any part of such income by investing it, and holding it as part of the capital of the Fund. The University may apply the whole or any part of such accumulated income in any subsequent year as if it were income of the Fund arising in the then current year.

6. The University shall have power to pay out of the capital or the income of the Fund all costs of and incidental to the creation of the Fund, and the management and administration of the Fund.

7. The University may exercise any of its corporate powers in the management and administration of the Fund in so far as those powers are not inconsistent with these regulations.

8. Regulations 1–10 shall be deemed to be Trust Regulations under the provisions of Part D of Statute XVI.

9. Subject to regulation 10, Council may amend, repeal or add to these regulations in accordance with Part D of Statute XVI, but no amendment is valid if it would cause the Fund to:

(1) cease to be exclusively charitable according to the law of England and Wales; or

(2) be outside the objects of the University.

10. Any amendment to regulation 3 is an amendment to the main objects of the Fund for the purposes of Part D of Statute XVI and must be approved both by Congregation of the University and subsequently by Her Majesty in Council.'

Consultative Notices

Review of the Roles of the Proctors and Assessor

Council's General Purposes Committee (GPC) has established a group to review the roles of the Proctors and the Assessor, with the following terms of reference:

'Taking into account the points raised by the outgoing Assessor in 2014 and the outgoing Senior Proctor in 2015 [see note below], the review group is asked to consult as appropriate, consider and make recommendations to GPC on:

- (a) the balance of duties between each of the Proctors and Assessor;
- (b) the office and status of the Assessor; and
- (c) in the light of (a) and (b) above, any matters relating to the terms and conditions of the Proctors and the Assessor, for example eligibility and stipend.'

The review group has the following membership:

(1) Chair	The Very Revd Professor Martyn Percy, Dean of Christ Church
(2) Former Senior Proctor	Professor Martin Williams, New College (Chair of the Committee for the Proctors' Office)
(3) Former Junior Proctor	Professor Amy Zavatsky, St Edmund Hall
(4) Former Assessor	Dr Paul Martin, Wadham
(5) Member nominated by the Education Committee	Professor Margaret Stevens, Lincoln (Associate Head (Education), Social Sciences Division)
(6) Member nominated by the Conference of Colleges	Lucinda Rumsey, Senior Tutor, Mansfield

The review group would welcome for its review written comments on any matters falling within its terms of reference. Written comments should be sent to the Secretary to the review group, Dr Nigel Berry, by no later than **29 January**.

While not ruling anything in or out at this stage, the review group is likely to concern itself with matters such as: the overall workload on the Proctors and the Assessor; whether there should be an adjustment in the roles and relative workload between the Senior Proctor, the Junior Proctor and the Assessor; whether the Assessor's role should continue in its present form; whether or not there is a case for having three Proctors, with or without the office of Assessor; the continued willingness or otherwise of academic staff to be elected to these three offices given the demands of both teaching and research; and changes in the internal and external environments that are impacting on the roles of these officers, such as the changed nature of welfare support in the collegiate University and its impact on the role of the Assessor and the creation of the Office of the Independent Adjudicator (OIA) and its impact on the role of the Proctors.

Note

The outgoing Assessor in 2014 concluded that there were a number of aspects that made the role of the Assessor generally unsatisfactory:

(i) the original purpose of the role, to give the women's and graduate colleges access to University governance, was obsolete;

(ii) Assessors had concentrated on health and welfare issues. While this was a rewarding role, it was not in practice full time, and it meant that the committees in this area chaired by the Assessor face an annual change in chair, to the detriment of their longer-term development of policy and consistency in decision making;

(iii) beyond this the Assessor's duties were fragmented; Assessors might undertake special projects, but this was *ad hoc* and the project had to be one capable of being completed within the Assessor's year of office;

(iv) the University's legislation did not give the Assessor authority as it did for the Proctors. This means that, even within the health and welfare role of the Assessor, at certain points the Assessor had to pass cases over to the Proctors for determination; and

(v) although the Proctors and Assessor worked as a team, within their defined duties there was too much work for the Proctors, and not enough for the Assessor.

The comments of the Senior Proctor in her Oration in 2015 are published on pp445–6 of Supplement (1) to the *Gazette* of 19 March 2015, no 5091, Vol 145 (available at www.ox.ac.uk/gazette/2014-2015/26march2015-no5092/supplements).

Permanent Private Hall Supervisory Committee

REVIEW OF ST STEPHEN'S HOUSE

The Permanent Private Hall (PPH) Supervisory Committee, which is appointed by Education Committee, has regulatory, monitoring and reporting functions in relation to the Permanent Private Halls. Under the University's agreement with the halls each of them is to be reviewed in turn over a period of six years. On 12 May 2016 the committee will conduct a review of St Stephen's House. The review will focus on issues coming within the PPH Supervisory Committee's terms of reference. These may be found at www.admin.ox.ac.uk/statutes/regulations/520-122ll.shtml.

The PPH Supervisory Committee would welcome written comments on any matters falling within the terms of reference. Written comments should be sent to the Secretary to the PPH Supervisory Committee, Catherine Whalley, Education Policy Support, University Offices, Wellington Square, Oxford OX1 2JD (email: catherine.whalley@admin.ox.ac.uk), by **25 April**.

IT Services

OUT-OF-HOURS HELPDESK

As part of the continuing development of central IT support, IT Services has changed the out-of-hours help available to University staff, students and other users from 23 December 2015. Telephone support has been extended to provide 24-hour assistance every day of the year, including weekends, bank and public holidays and University closures. This replaces the evening helpdesk that was available at our Banbury Road offices between 5.30pm and 8.30pm on weekdays.

For more information please see www.it.ox.ac.uk/news/changes-out-hours-it-support or contact Ian Teasdale (ian.teasdale@it.ox.ac.uk).

Guidance notes for the holding of outside appointments and the conduct of outside work

This Guidance Note should be read in conjunction with Council Regulations 5 of 2004.

(1) PROCEDURES FOR APPLYING FOR APPROVAL TO HOLD OUTSIDE APPOINTMENTS

(a) Applicants must complete an application form available at: www.admin.ox.ac.uk/personnel/staffinfo/academic/approvaltoholdoutsideappointments.

(b) Applicants whose salaries are funded from externally funded research grants or contracts, or who are Principal Investigators (PIs) or Co-Investigators on outside-sponsored projects, must adhere to the terms and conditions stipulated by or agreed with the sponsor and, if necessary, seek written approval from the sponsor¹. If you are in any doubt, please contact Research Services staff for advice on the terms and conditions of externally funded research grants and contracts held by the University (tel (2)70143).

(c) Applicants must obtain the approval of their direct line manager where relevant.

(d) When the necessary approvals have been obtained from the relevant line manager or sponsor (as appropriate), applicants should submit the completed form to their head of department², who will be asked to sign to confirm that he/she is content to approve the outside commitment in the context of the applicant's University duties.

The person who signs the forms should be:

- the head of department² or faculty board chair; or
- the head of division if the applicant is a head of department, or the application is for a total of more than 30 days per year; or
- the line manager of the senior officer making the application (where applicable). For the avoidance of doubt, the application should be made to the Vice-Chancellor in respect of each of the Pro-Vice-Chancellors with portfolio, the heads of division, the Registrar and Bodley's Librarian. In the case of the Vice-Chancellor, he or she should submit an application to the Chancellor; or
- the person at the next higher level of authority if the head of department (or equivalent) has an interest in the appointment or activity.

(e) Applicants must ensure that they are familiar with the University's policy and procedure on conflict of interest (www.admin.ox.ac.uk/researchsupport/integrity/conflict). If they have any concerns about potential conflicts implicit in their proposed arrangements they should approach the secretary of the Conflict of Interest Committee (www.admin.ox.ac.uk/researchsupport/integrity/conflict/policy).

(f) If the outside appointment is arranged via Oxford University Consulting (see section 2 below) and approval is granted for the outside appointment, the applicant will enjoy a measure of protection under the University's insurance arrangements (see <https://www1.admin.ox.ac.uk/researchsupport/consulting/faqs>). If the outside appointment is arranged privately the individual (or the company) will need to hold their own insurance cover (see <https://www1.admin.ox.ac.uk/researchsupport/consulting/private>).

(2) OXFORD UNIVERSITY CONSULTING

The University's wholly owned subsidiary company, Isis Innovation Limited, has a division, Oxford University Consulting (OUC) (www.isis-innovation.com/consulting/index.html), to help members of the University to market their expertise to outside bodies, to negotiate commercial terms and payment on behalf of individuals, and to manage the administration associated with consultancy. OUC offers a professional service for academics and departments throughout the University, which will identify consultancy and related opportunities with local, national and international companies and organisations. Details of this service may be obtained by telephone ((2) 80829) or by email (consulting@isis.ox.ac.uk). Members of

the University choosing to use the services of OUC must still follow the internal procedures for University approval of their outside appointments as outlined in this Guidance Note; OUC will, however, assist the process on behalf of the individuals concerned. Please see the University's Consulting Policy and Procedures (<https://www1.admin.ox.ac.uk/researchsupport/consulting>).

(3) CONSULTANCIES WITHIN RESEARCH GRANT APPLICATIONS AND CONTRACTS

The holding of a consultancy may be included where appropriate within research grant applications and contracts. Where consultancies are included in this way and provision is made through the payroll to pay staff for such work, the Outside Grants (OG) form should itemise, among the costs of the project, the costs of the consultancy payment (including employer's on-costs). Indirect costs should also be calculated on the total cost of the project, including the fee for the consultancy.

The PI should personally ensure that their Oxford colleague (acting as consultant on the project) understands the conditions under which they are being engaged (eg tasks to be undertaken, due dates, payment, intellectual property provisions, etc). This would normally be done in a meeting between the PI and the consultant (a brief follow-up email exchange to note what was agreed may also be appropriate). Time spent on such consultancies will count towards the 30-day limit.

If a department wishes to make personal payments to a University of Oxford staff member from a research account, these payments must go through the University payroll.

(4) SERVICES TO INDUSTRY AND OUTSIDE BODIES

Not all work for outside bodies is governed by a contract with an external sponsor under the University's research grants and contracts procedures. Some is likely to be 'service' work, ie the provision of a service to an external organisation which is not of academic benefit but which makes use of spare capacity in a department (most often specialist facilities/equipment) in return for payment. Such arrangements should nevertheless be covered by an agreement approved by the head of department which is drawn up in consultation with the departmental administrator and (for tax reasons) with the Finance Division. Customers must be made aware of the University's standard conditions of sale and supply (available from the Legal Services

Office (LSO)), which must be incorporated into all contracts (subject to any variations required on a case-by-case basis, and drafted or endorsed by the LSO).

A department may well wish to engage Oxford University Consulting to arrange these service agreements with third parties (see www.isis-innovation.com/consulting/index.html). Where appropriate a payment may be made through the payroll to individuals for the additional work undertaken in performing the services. It is expected that the head of department will decide on an appropriate fee to be paid to the individual based on the time spent (which again will count towards the 30-days-per-year limit). In such cases, where an agreement has been made with the University in respect of the service, it is not expected that a further personal consultancy agreement with the academic concerned will be necessary.

(5) FINANCIAL ARRANGEMENTS FOR OUTSIDE APPOINTMENTS

The University does not generally (except in the case of consultancies for which the information is requested for the annual HE-BCI survey) seek details of remuneration which applicants are to receive in return for outside commitments, but reserves the right to request to be provided with such details in certain circumstances, eg in the light of any potential conflict of interest with the outside commitment. Applicants wishing exceptionally to make a case to spend a total of more than 30 days in any one year on outside commitments will be required to provide details of remuneration.

(6) MONITORING AND REPORTING OF OUTSIDE APPOINTMENTS

(a) Heads of department are responsible, through their departmental administration, for keeping records of the number of days spent on outside commitments by all staff (regardless of staff group) in their departments.

(b) Details of outside commitments held by staff will be collected each year for the University's HE-BCI return.

¹The Wellcome Trust's grant conditions, for example, include stringent conditions relating to the holding of consultancies and these apply equally to individuals who are in receipt of Wellcome Trust research grants, as well as to those whose salaries are paid from Wellcome Trust grants.

²Throughout this document, the term 'head of department' should be taken to include chair of faculty board.

Education Committee/Planning and Resource Allocation Committee

CLARIFICATION OF FEE LIABILITY FOR FULL-TIME AND PART-TIME GRADUATE RESEARCH PROGRAMMES

Explanatory Note

The following change, made by the Education and Planning and Resource Allocation Committees, makes clear that when a graduate research student changes from full-time to part-time study, or vice versa, their minimum period of study and maximum period of fee liability change such that, during any periods of part-time study, each term is weighted at 50% of a full-time term, on the basis that a student must study for at least the equivalent of the minimum period of full-time study laid down for the qualification concerned, and up to the maximum number of terms of full-time study specified.

Thus, for instance, an individual who studies for a DPhil - for which the minimum period of study for a full-time student is 6 terms and for a part-time student 12 terms - and who undertakes one year full-time and then switches to a part-time mode, must study and pay fees for at least a further 6 terms at the half rate.

This clarification is being made in the context of a change in policy concerning the process for applying to move between full-time and part-time study mode, as set out at www.admin.ox.ac.uk/edc/policiesandguidance/policyonchangesbetweenfull-timeandpart-timestudy.

Colleges, Halls and Societies

The opportunity is also taken to correct an erroneous statement in the regulations for the MSc by Research to the effect that the minimum period of study for a part-time student is 12 terms: this is amended to 6 terms, being twice the period for full-time study of 3 terms. New wording is underlined, and deleted text struck through.

UK Brain Bank for Autism and Related Developmental Research, JR

The developing brain is altered in autism but neuroscientists do not know how or why. Research is needed to understand the causes and biological basis of autism, to develop better interventions to improve the lives of those directly affected by it. Such critical research is hindered by the scarcity of donated human brain tissue. Control tissue, donated by people who do not have autism, is needed for comparison just as much as donations by people who do – and the NHS organ donor scheme does not include brain donation. We particularly want younger people to consider making a pledge to donate their brain after death (the further the brain is from its inception, the more difficult it is to understand the process of its development, so we do not take donations from people over 65 not directly affected by autism). See www.brainbankforautism.org.uk for information and to register as a donor.
