Education Committee

Approved by Education Committee in March 2021

Title of Programme/ Name of Regulation
Medical Sciences Doctoral Training Centre

Brief note about nature of change:
Change to the list of programmes to which the regulations apply

Location of change
In Examination Regulations 2020-21, Medical Sciences Doctoral Training Centre
(https://examregs.admin.ox.ac.uk/Regulation?code=msdocttraicent)

Effective date
For students starting from MT 2021

Detail of change
Under ‘General Regulations’, amend citation references 1.1 – 1.14 as follows:

These regulations shall apply to all students registered for

1. D.Phil. in Biomedical and Clinical Sciences
2. D.Phil. in Computational Discovery
3. D.Phil. in Inflammatory and Musculoskeletal Disease
4. D.Phil. in Cancer Science
45. D.Phil. in Cardiovascular Science (BHF)
56. D.Phil. in Cellular Structural Biology
67. D.Phil. in Chemistry in Cells
78. D.Phil. in Chromosome and Developmental Biology
89. D.Phil. in Genomic Medicine and Statistics
910. D.Phil. in Health Data Science (HDR UK/Turing Wellcome)
1011. D.Phil. in Infection, Immunology and Translational Medicine
1112. D.Phil. in Ion Channels and Membrane Transport in Health and Disease
(OXION)

within the Medical Sciences Doctoral Training Centre, irrespective of the division or department they are based within for their research project.
<table>
<thead>
<tr>
<th>Programmes 1 and 2-1-3 above are three-year programmes. Programme 3 4 above has three different tracks: clinical trainees (track 1) and medical undergraduates (track 2) enrol on a three-year programme; non-clinical/fundamental scientists (track 3) enrol on a four-year programme. Programmes 4-14 5-12 above are four-year programmes.</th>
