Medical Sciences Divisional Board

Approved by Education Committee on 08.09.20

Title of Programme/ Name of Regulation
Medical Sciences Doctoral Training Centre

Brief note about nature of change:
Change to the list of programmes to which the regulations apply

Location of change
In Examination Regulations 2019-20, Medical Sciences Doctoral Training Centre (https://examregs.admin.ox.ac.uk/Regulation?code=msdocttraicent)

Effective date
For students starting from MT 2020

Detail of change
Under ‘General Regulations’, amend citation references 1.1 – 1.10 as follows:

These regulations shall apply to all students registered for

1. D.Phil. in Biomedical and Clinical Sciences
2. D.Phil. in Computational Discovery
3. D.Phil. in Cancer Science
24. D.Phil. in Cardiovascular Science (BHF)
5. D.Phil. in Cellular Structural Biology
6. D.Phil. in Chemistry in Cells
37. D.Phil. in Chromosome and Developmental Biology
48. D.Phil. in Genomic Medicine and Statistics
9. D.Phil. in Health Data Science (HDR UK/Turing Wellcome)
510. D.Phil. in Infection, Immunology and Translational Medicine
611. D.Phil. in Ion Channels and Disease Membrane Transport in Health and
7. D.Phil. in Structural Biology

within the Medical Sciences Doctoral Training Centre, irrespective of the division or department they are based within for their research project.

Programme 1 above is a three-year programme. Programmes 2-7 above are four-year programmes.

Programmes 1 and 2 above are three-year programmes. Programme 3 above has three different tracks: clinical trainees (track 1) and medical undergraduates (track 2) enrol on a three-year programme; non-clinical/fundamental scientists (track 3) enrol on a four-year programme. Programmes 4-11 above are four-year programmes.

Explanatory Notes

These changes update the list of programmes within the Doctoral Training Centre, following funding decisions taken by Cancer Research UK, the Wellcome Trust and other funders.
