Medical Sciences Divisional Board

Approved by Ros Whiteley on 30.07.20

Title of Programme/ Name of Regulation [if general]]
Master of Science by Coursework in Neuroscience

Brief note about nature of change: minor amendment to assessment

Location of change
In Examination Regulations 2019-20:
https://examregs.admin.ox.ac.uk/Regulation?code=mosbcourinneur&srchYear=2019&srchTerm=1&year=2019&term=1

Effective date
For students starting from MT 2020 and For first examination from 2020-21

Detail of change
1.4. Candidates shall be examined in all of the following ways:
   - 1.5(i) each candidate must pass a qualifying examination at the end of the first term from the beginning of the course. The test shall consist of the satisfactory completion of the Neuroscience Introductory Course and one three-hour written paper on the topics covered in that course, as set out in the Schedule; the Organising Committee shall not later than the end of the Hilary Term preceding the examination submit to the examiners a list of candidates who have satisfactorily completed the qualifying examination. Candidates who fail the qualifying examination once shall be permitted to take it again in before the first week of Hilary Term of the year of the final examination;

Explanatory Notes
This revision will allow a student needing to resit the paper to have a passing result so that they can begin Hilary term with the rest of the cohort.
