## Council of the University

### Changes to Regulations

Council has made the following changes in regulations, to come into effect on **8 June**.

#### (a) Inclusion of Oxford University Press into the financial accounts of the University

##### *Explanatory Note*

The following changes to Regulations provide for the inclusion of the accounts of Oxford University Press in the University's Financial Statements. The changes are made by Council on the recommendation of a review group, which was set up to consider this matter, comprising representatives from both the Press and the University. The review group's report was endorsed by Council's Audit and Scrutiny Committee.

The change, which allows the University to meet current accounting standards, will be effected by an extra accounting document, with the separate activities of the University and the Press published in the form of segmental reporting within the overall accounts and the Press publishing its own accounts in addition. The Press's year-end of 31 March will not alter.

##### *Text of Regulations*

**1** In Council Regulations 20 of 2002, concerning Regulations for the Delegates of the Oxford University Press, amend regulation 8 as follows (new text underlined, deleted text struck through):

'8. (1) The annual accounts of the Delegates for the year ended 31 March shall be subject to the provisions of regulations 9–12 below. ~~and shall not be included in the consolidated income and expenditure account, balance sheets, and related statements and notes set out in the Financial Statements of the University prepared and audited under the Financial Regulations.~~

(2) In addition, the Press shall submit to the Director of Finance of the University such financial information as is required to enable the University to include the Press in the audited consolidated income and expenditure account, balance sheets

and related statements and notes set out in the Financial Statements of the University for the year ended 31 July.

**2** In Council Regulations 1 of 2010, the Financial Regulations, amend regulation 1.2 (1) as follows (new text underlined):

'1.2 Application

(1) These regulations and supporting financial processes made under regulation 1.3 (3) (a) below apply to all bodies included in the University's annual audited financial statements, except University Societies (as defined in Statute V), subsidiary companies and the Press (which has its own financial regulations and processes and is provided for in Council Regulations 20 of 2002). The Regulations and Financial Processes apply to all funds received or held by University bodies, from whatever source.'

#### (b) Changes to Financial Regulations regarding Oxford University Endowment Management

##### *Explanatory Note*

These changes, made to clarify the authority given to OUem through its Investment Management Agreements, remove the requirement for changes in OUem's internal delegated authority to be approved by GPC and Council.

##### *Text of Regulations*

**1** In Council Regulations 1 of 2010, amend regulation 1.5 (2) as follows (new text underlined, deleted text struck through):

'1.5 (2) Financial Limits to Authorise Expenditure Commitments

Tables B, C, D, E, ~~and F and G~~ below summarise the upper internal limits on authority to commit to levels of expenditure (in contract or otherwise). Table B sets out those limits in respect of non-capital departmental expenditure (the rules concerning the authorisation and approval of research projects are set out in regulation 4.1.) Tables C, D and E set out limits in respect of capital expenditure together with reporting requirements. Table F sets out ~~the limits applicable to investment decisions and Table G~~ the limits applicable to the financial write-off of bad debts.

**2** Ibid, delete Table F and rename Table G as Table F.

**3** Ibid, amend regulation 2.2 (6) to update the reference to Table G as Table F.

**4** Ibid, amend regulation 3.1 (2) to update references to Table H as Table G.

**5** Ibid, amend regulation 6.4 as follows (new text underlined, deleted text struck through):

'6.4 Oxford University Endowment Management Limited

Oxford University Endowment Management Limited ("OUEM"), a subsidiary company, is responsible for the management of certain investments of the University and those of The Oxford Funds. OUEM may delegate its authority to identified fund managers. ~~The financial limits applicable are shown in Table E above. The Board of OUEM is responsible for managing delegated authority limits within OUEM in respect of the Funds it manages.~~

#### (c) Changes to membership of the Strategic Capital Steering Group

##### *Explanatory Note*

The proposed changes amend the membership of the Strategic Capital Steering Group (SCSG), to make the Pro-Vice-Chancellor (Academic Resources and Information Systems) an *ex officio* member of SCSG.

##### *Text of Regulations*

In Council Regulations 15 of 2002, amend Part 12 concerning the Strategic Capital Steering Group (new text underlined, deleted text struck through):

The opportunity has also been taken to remove the requirement for the Social Sciences Board to include any member of University Council elected by and from among members of the faculties and subfaculties in the Social Sciences Division and to increase the number of persons who may be co-opted to the board from three to four, in line with the membership of the Humanities; Mathematical, Physical and Life Sciences; and Medical Sciences Boards.

Members of Congregation are reminded that any two members may, not later than **noon on 4 June**, give notice in writing to the Registrar that they wish to oppose or amend any of the resolutions at (1)-(2) below (see the note on the conduct of business in Congregation below). If no such notice has been given, and unless Council has declared otherwise or the meeting has been adjourned, the resolutions shall be declared carried, and the meeting may be cancelled.

### (1) Voting on a resolution authorising the use of space in the Beecroft Building

#### *Explanatory Note*

The Beecroft Building provides five floors of office accommodation and collaboration space and state-of-the-art basement laboratory space providing the high-quality environment with ultra-low vibration levels and close temperature control necessary for the successful delivery of physics research.

The Beecroft site (formerly known as 'Clarendon 2') was allocated to the Department of Physics to facilitate the relocation of Theoretical Physics from 1-4 Keble Road, and contribute towards the achievement of the long-term objective of consolidating the Department in a single location. Following completion of the Beecroft Building, 1-4 Keble Road will be released subject to allowing for a period of time to relocate.

#### *Text of Resolution*

That approximately 2,694 sqm net usable area, being the whole of the Beecroft Building, be allocated to the Department of Physics with effect from completion of the building for an initial period of ten years.

### (2) Voting on a resolution authorising the use of space for the BioEscalator

#### *Explanatory Note*

The University is currently constructing a new science innovation and amenities building, known as Building 696 (formerly known as the Amenities Building), on its Old Road Campus in Headington. The project, which will house the BioEscalator as well as the commercial pharmaceutical company

Novo Nordisk, is due to complete on 31 July 2018. The new building will also contain a multi-storey car park serving the whole campus, and a distribution centre.

The following space allocation provides for the space relating to the BioEscalator to be assigned to the Medical Sciences Divisional Office, which will be responsible for arranging tenancies, licences and other agreements relating to the use of its space and shared facilities.

#### *Text of Resolution*

That approximately 1,057 sqm net usable area on the ground and first floors in Building 696 be allocated to the Medical Sciences Divisional Office with effect from completion of the building (expected to be 31 July 2018) for an initial period of five years.

is the deterioration of the conditions of employment for most of its staff: a decade of below inflation pay rises, the repeated dilution of pension benefits and the ever increasing cost of living in Oxford. If elected I will work to make sure that addressing this problem is considered a top priority. The recent developments related to the dispute over pensions have brought long standing issues with governance into sharp focus. I think elected members of Council need to play a crucial role in addressing them and help restore relations between Congregation and Council (in particular they should make sure that Council follows through on its recent commitment to maintain the current standard of pension benefits). A crucial step is to have contested elections with candidates reflecting the broad range of opinions and backgrounds represented in Congregation. I am a EU citizen and spent part of my career in the US and Germany. I have extensive experience in research and teaching (I was a Tutorial Fellow for 8 years), the two primary objectives of this University, and have served on a number of committees at Oxford and abroad. I also was Head of the Sub-department of Theoretical Physics for one year.

**Maike D Glitsch**, PhD Dip Biol Goettingen, Fellow of St Hilda's, Faculty of Physiological Sciences

#### *Nominated by:*

A M Buchan, Corpus Christi, Faculty of Clinical Medicine  
D J Paterson, Merton, Faculty of Physiological Sciences  
Professor Dame Carol Robinson, Exeter, Faculties of Biochemistry and of Chemistry  
C E Swales, Faculty of Clinical Medicine

#### *Candidate statement:*

I have been a part of Oxford University for almost 20 years. I initially considered the University as a place where I can carry out my research and do my teaching, and was mostly interested in my department. However, I have increasingly become fascinated by the organisation that the University of Oxford is, its values and its aims. I promote the University to prospective students during outreach events because I believe that its unique approach to teaching and its democratic nature are highly valuable. I am active in departmental and divisional committees and am a member of St Hilda's Governing body as well as college committees. Hence, I have accumulated insight and developed an understanding of the University of Oxford at many different levels and feel that I have valuable contributions to make to the University as a whole.

Dear colleagues

I am standing for Council to represent joint appointment holders. There are few Tutorial Fellows on Council, and none from either the MPLS or Medical Sciences Divisions. As an Associate Professor in Engineering Science and a Tutorial Fellow at Keble (since 2006), I am therefore asking for your vote to provide a more balanced representation of our academic community on Council.

I believe that I have the right experience across many aspects of academic life. In my department I am currently serving as Chair of Faculty (and Associate Head of Department for Teaching) and sit on the MPLS Divisional Board; I have previously been Director of Graduate Studies, run a taught MSc course and won a University Teaching Award. In my college I am currently Dean (for the second time) and Deputy Bursar, alongside being Director of Studies and doing a full teaching stint.

My experience is also very broad: my research on cerebral blood flow is highly interdisciplinary across the physical and medical sciences, and I have published 3 books and over 80 journal papers in the last 10 years, supervising 23 DPhil students to successful completion. I am also a Fellow of the Royal College of Organists.

Council needs representatives from those of us balancing day-to-day teaching and research with being good citizens, to enable us all to flourish in an atmosphere that encourages and supports excellence in all three aspects of academic life. I would therefore like to ask for your vote.

Thank you.

*Candidate statement:*

I have been a University Lecturer at the Mathematical Institute and Fellow and Tutor in Pure Mathematics at St Peter's College since 2005, with Professorial title awarded in 2014. I have served my College as Tutor for Admissions (2008-2013) and Senior Tutor (since 2015), and have had long stints on a variety of College and Departmental Committees including Academic Affairs, Admissions, Investment and Art. My research interests lie in algebraic geometry; I was awarded the Royal Society Leverhulme Trust Senior Research Fellowship in 2013.

For a number of years I have been co-ordinating a range of research training and development activities in sub-Saharan Africa. I have served on the Council of the African Institute of Mathematical Sciences, Cape Town, since 2014 and I am a member of the Steering Committee of AfOx, the Africa Oxford Initiative.

I believe these roles and projects have given me a range of skills and insights that would allow me to contribute effectively as a member of Council. If elected, one of my main priorities would be to represent Congregation's expressed views on crucial issues such as pensions provision. I would also aim to work to preserve the values of the tutorial system, while helping it adapt to modern expectations; to further the training of young scholars and scientists, including those from the Global South; to help meet the challenges of Brexit; and to uphold academic freedom for all members, junior and senior, of the Collegiate University.

- One member of Congregation, not necessarily being a member of any division and not in any case being nominated in a divisional capacity, elected by Congregation to hold office from MT 2018 to MT 2022 [*vice* Professor Anne E Trefethen, St Cross]

*Nominated by:*

D Blakey, Research Services  
J Y Martin, Department of Pharmacology  
D J Paterson, Merton, Faculty of  
Physiological Sciences  
D J Tyler, Somerville, Faculty of  
Physiological Sciences

*Candidate statement:*

I am currently the Head of Administration and Finance in the Department of Physiology, Anatomy and Genetics. Since joining the University in 2001, I have been the Departmental Administrator/Head of Administration and Finance for five different departments across two divisions. Undertaking these roles has provided me vast experience in all the key departmental administrative areas including HR, finance, research, Estates, infrastructure, teaching and student administration. My background is in human resources but I am able to cover all aspects of university administration.

During my University departmental experience, I have relished the variety of challenges that each department has offered. I pride myself of being able to work across the whole width and breadth of administration from strategic to the coalface and across every discipline.

As a member of Congregation, I believe it is important and an obligation to participate in the operation of the University community. I currently sit on numerous University committees and working groups and these add to my growing depth of knowledge. I feel I would be a valued member of the Committee and would welcome the opportunity to bring my operational expertise and experience to assisting the wider University.

*Candidate statement:*

The democratic self-government of the University is one of the most precious inheritances we have. The capacity of members of Congregation to participate in the government of the University, to elect those who lead and guide the University, to influence its strategies, and to alter its direction is, I firmly believe, an essential strength of the University and vital to the well-being of its members. For many years I have observed (and, of course, criticised), but I have come to the conclusion, partly as the result of recent events, that successful democracy requires personal participation and a willingness to serve and share in the responsibility. I hope I could bring to Council, if elected, a passion for good governance, a constructive willingness to ask difficult questions, an enthusiasm for the importance of the people who make the University what it is, and the ground-level perspectives of the ordinary college Fellow.

I am a Fellow of Merton College, where I have taught since 1992, and where I now also serve as Keeper of the Statutes and Bylaws; I have served on several College committees including the Finance Committee. I have been Tutor in Classics at St Benet's Hall since 2004; I serve on several Hall committees, including Education Committee and am currently Presiding Fellow. I have twice been a Pro-Proctor of the University.

**Ms Laura How**, Bodleian Libraries

*Nominated by:*

K L Blackmon, Merton, Faculty of  
 Management  
 N E Cronk, St Edmund Hall, Faculty of  
 Modern Languages  
 C J Y Fletcher, Exeter, Faculty of English  
 Language and Literature  
 L Hirsch, Humanities Divisional Office  
 R Ovenden, Balliol, Faculty of History  
 B R Ward-Perkins, Trinity, Faculty of  
 History

*Candidate statement:*

My role as Chief Operating Officer of the Bodleian Libraries includes responsibility for both the estates projects and facilities management teams.

Over the past 10 years, I have been very involved in the planning and completion of a major £130m capital programme which has included refurbishment of a number of library buildings (including the Weston library) as well as building the new book repository at Swindon. This experience, which included attendance at the project sponsor groups, has given me a very sound knowledge of how capital projects are managed within the University.

The Bodleian Libraries are located across Oxford in a variety of buildings, a number of which are of major historic importance. I regularly work with colleagues in Estates Services on a variety of topics ranging from repairs and maintenance, sustainability, space allocation through to finance. Within the Libraries I oversee the budget and my project involvement with the Weston library has made me familiar with the complexities of capital project budgets and important related aspects such as VAT.

Complicated new buildings and historic old ones bring challenges in respect of the systems within them and I have also worked over recent years with the sustainability team in Estates Services on a number of energy efficiency programmes to reduce our carbon footprint.

Drawing on this experience, I'd be very pleased to serve as a member of the Building and Estates Sub-Committee to help ensure building projects are well run, cost-efficient, and respect of Oxford's unique historic environment.

**Louise Stratton**, Finance Division

*Nominated by:*

G L Boon, Finance Division  
 L E Cooper, Finance Division  
 S Davies, Estates Division  
 E Morris, Saïd Business School  
 N A Roberts, Continuing Education

*Candidate statement:*

In my role as University Fixed Asset Accountant I engage with the end result of the decisions made in BESC and PRAC. I feel the detailed work I do on the accounting of the University Functional Estate, including leased properties, gives me detailed knowledge that could be of value to BESC as well as enhance understanding and appreciation in my own role. I could offer a different perspective due to my 12 years in post, such as an awareness of financial implications of decisions.

I would give an objective and independent view of the estate but hopefully an informed one. I believe it would give me a broader view of Estates and the activity undertaken by them, which in turn will aid me in my own area of work.

Over the last few years especially I have been more and more involved in policy and process changes and work with the highest level of leadership within the University regarding our assets and want this to continue and expand and I see membership of BESC as part of this continued growth.

I hope to be able to give more to my current role, team and department by giving more considered advice, contributing from a position of full understanding of the wider impact of changes and issues facing the University Estate. I want to contribute more and I feel this membership would be part of this by the additional contribution this will allow me to give.

**Other Committees and University Bodies****VISITORS OF THE ASHMOLEAN MUSEUM**

- Two members of Congregation elected by Congregation to hold office from MT 2018 to MT 2022 [*vice* Professor A C Clunas, Trinity; Professor M J Snowling, St John's]

*The following nominations have been received:*

**David W Griffiths**, BA PhD Durh, MA Oxf, Fellow of Kellogg, Department for Continuing Education, Subfaculty of Archaeology

*Nominated by:*

J Michie, President of Kellogg, Continuing Education  
 C H Gosden, Keble, Faculty of Anthropology and Geography, Subfaculty of Archaeology  
 H F Hamerow, St Cross, Faculty of History, Subfaculty of Archaeology  
 M P Smith, Kellogg, Oxford University Museum of Natural History

*Candidate statement:*

I am Reader/Associate Professor and Director of Studies in Archaeology at the Department for Continuing Education (OUDCE), and also the department's Director of Research. In the past I have worked as a professional archaeologist and held a previous lecturing position at UCL. I am a medievalist and have published widely in the field of Anglo-Saxon/Viking studies. Much of my research has centred upon museum collections. The role of the Ashmolean Museum in the university and beyond is of great interest to me. I believe as a Visitor I can contribute an important perspective informed by 18 years of teaching and supervising (mainly) part-time and professional students at Oxford.

OUDCE has 15,149 enrolments across a range of humanities and social science courses (including Art History and Archaeology). 1772 of these are studying Archaeology, which embraces heritage, professional, landscape, material culture, classical and ancient historical themes. The Archaeology Programme makes use of the Ashmolean's displays and collections, and museum staff teach on day-schools. Since 2010 I have been PI of an HLF-funded archaeological project based on volunteer participation in East Oxford. Over 700 members of the local community have participated and received training in research techniques. In addition to investigations in East Oxford, the project has done pioneering work in connecting the city community to the University's collections through group project workshops, undertaken with the co-operation of curatorial staff at the Ashmolean and Pitt Rivers museums. I and this project won the Vice-Chancellor's award for Public Engagement with Research in 2016.

**Chris J Lintott**, BA MSc Camb, MA Oxf, PhD Lond, Fellow of New College, Subdepartment of Astrophysics

*Nominated by:*

P G Ferreira, Wolfson, Physics  
 M Livingstone-Banks, Mathematical, Physical and Life Sciences Divisional Office  
 W E Poole, New College, Faculty of English Language and Literature  
 S A Shuttleworth, St Anne's, Faculty of English Language and Literature

*Candidate statement:*

I am standing for election as a Visitor to the Ashmolean Museum because I think that our museums - and the Ashmolean in particular - are not only centres of expertise, but are a uniquely powerful tool in introducing the University to the world. For most of the million or so visitors to the Museum, it is their only encounter with Oxford scholarship and research. Therefore, if elected, I would seek to use my position to explore how the museum might build on its existing efforts to make new connections with the broadest possible range of both public and researchers. I bring experience of the museum world - from the Adler Planetarium, in Chicago, and having just completed eight years as a trustee at Royal Museums Greenwich - and of digital projects, participating in the Ashmolean's podcast series, but particularly as the principal investigator for the Zooniverse crowdsourcing platform. Digital engagement is critical in reaching over the Ashmolean threshold to those who would never dream of entering it, but such projects need careful scrutiny if they are to be truly successful. I would be happy to put my decade of experience of working with developers and digital teams at the service of the museum. In short, I love the Ashmolean and am a frequent visitor; I would be delighted to spend time helping its staff to tell more stories and to reach new audiences.

**Professor M Snowling**, BSc Brist, MA Oxf, PhD Lond, President of St John's, Faculty of Psychological Studies

*Nominated by:*

C J Howgego, Wolfson, Faculty of Classics, Subfaculty of Archaeology  
 A J Sturgis, Worcester, Ashmolean Museum of Art and Archaeology  
 C T Whistler, St John's, Faculty of History  
 W H Whyte, St John's, Faculty of History

*Candidate statement:*

I am President of St John's College and Professor of Psychology. I am also professionally qualified as a clinical psychologist. My research on Children's reading and language is at the interface of psychology and education.

I will be Chair of the Conference of College's Admissions Committee (from Michaelmas Term 2018) and am deeply committed to outreach, equality of access and, more broadly, widening participation. These roles chime with my research interests in the development of children's language and literacy as a foundation for educational success.

I am a Fellow of the British Academy, Fellow of the Academy of Medical Sciences and Fellow of the Academy of Social Sciences and regularly participate in and chair lectures and other events. I also advise on education policy and have served on a number of panels, including Sir Jim Rose's Expert Advisory Group on provision for Dyslexia. I was advisor to the Phonics Screening Check in England and an expert member of the Education for All: Fast Track Initiative group in Washington DC in 2011.

I believe I can bring my experience to support the already impressive initiatives of the Education team at the Ashmolean and more generally to facilitate a joined-up approach across the collegiate University and GLAM to foster cross-disciplinary perspectives, diversity and cultural enrichment. Through the various networks of which I am part, I would champion the Ashmolean's distinctive offering and raise awareness of its achievements as widely as possible.

**Professor Alastair Wright**, MA Camb, MA Minnesota, MA Oxf, PhD Columbia, Fellow of St John's, Faculty of History, Department of the History of Art

*Nominated by:*

A C Clunas, Trinity, Faculty of History, Faculty of Oriental Studies  
 G A Johnson, Christ Church, Faculty of History  
 K E O'Brien, University College, Faculty of English Language and Literature  
 P C Roberts, Wolfson, Ashmolean Museum of Art and Archaeology

*Candidate statement:*

I am standing for election as I believe my experience in academic art history and the museum world would allow me to make a strong and positive contribution to the Museum's governance. As a member of the Ashmolean Research Committee I currently offer guidance on grant applications and other research activities, and if elected as a Visitor I would welcome the opportunity to contribute more fully to the museum.

An associate professor and tutorial fellow for the last eleven years, I will in October become Head of the History of Art Department. During my time in Oxford

I have become well acquainted with the Ashmolean and its collections. I regularly teach in the galleries and for five years co-convoked the Ashmolean Research Seminar. A firm believer in the importance of the Ashmolean's outreach role, I have given a number of public lectures in the museum. Previously I taught at Princeton, where I curated several exhibitions at the University Art Museum, and I have also worked at the Metropolitan Museum and the Minneapolis Institute of Arts. Alongside this museum experience I have served as a trustee of the Association of Art Historians where I gained invaluable familiarity with a range of governance issues.

If elected I believe my position as a Department Head would make me an effective conduit between the museum and the wider university community, and I would hope to draw on my extensive experience to advise on all aspects of the museum's governance, collection development, and public outreach.
