(2) Resolution regarding the University's implementation of the PREVENT legislation

The following text has been received from the signatories to the resolution as listed below:

'Resolution regarding the University's implementation of the PREVENT Legislation

Preamble

1 Compliance with the highest standards of freedom of expression and academic freedom are central to the University's mission, recognised in the University's Strategic Plan 2013-2018 (1) and its current Donor Charter. While day-to-day governance is delegated to the administration, Congregation, the sovereign parliament of the University, has the ultimate responsibility to ensure the protection of freedoms for University staff and its broader community. Statute XII, which guarantees academic freedom, is underpinned by three principles:

(1) to ensure that academic staff have freedom within the law to question and test received wisdom, and to put forward new ideas and controversial or unpopular opinions, without placing themselves in jeopardy of losing their jobs or privileges;

(2) to enable the University to provide education, promote learning, and engage in research efficiently and economically; and

(3) to apply the principles of justice and fairness.

2 The University's PREVENT Steering Group is currently considering how the University should develop its regulations and procedures on such important matters as the use of IT, the holding of meetings and events, and staff and student welfare. This consideration is distinct from that in the Conferences of Colleges, which has discussed and developed draft policy on how individual colleges are to respond to the PREVENT legislation.

3 The development of the University's regulation, policies, and procedures in response to the PREVENT legislation raises profound challenges for academic freedom as enshrined in Statute XII, as well as the University's compliance with pre-existing legal obligations: the Education Act of 1986 and the Education Reform Act of 1988, the Human Rights Act of 1998, and the Equality Act of 2010.

4 The Conference of Colleges brought several versions of its draft on the new PREVENT legislation for due diligence to the Governing Bodies of colleges, with discussion, development, and improvements emerging. Congregation has not yet had the opportunity to provide similar and equally necessary due diligence on the draft policies and regulations emerging from the University PREVENT Steering Committee and its work within the University.

Therefore, Congregation resolves:

1 That any changes to regulations and procedures associated with PREVENT legislation be consistent with the spirit and substance of the templates as agreed by the Conference of Colleges, with the University's Statutes and Regulations, as well as consistent with UK legislation regarding the rights and freedoms of individuals, namely the Human Rights Act of 1998, the Education Acts of 1986 and 1988, and the Equalities Act of 2010;

2 That the PREVENT Steering Group present the University's proposed draft policies and procedures for the consideration of Congregation of 6th week of Trinity term 2016, and any proposed draft training by 2nd week of MT 2016;

3 That the University's PREVENT Steering Group be afforded with a minimum of five elected members of Congregation by 0th week MT 2016.'

Response from Council

¶ Council has deemed the resolution to be acceptable to it. The resolution will be formally moved and seconded in Congregation, following which there will be a speech on behalf of Council and the resolution will be put to Congregation.

At its meeting on 16 May, Council gave careful consideration to the resolution and, having noted the close working relationship that exists between the University and the Conference of Colleges working groups, was supportive of it and deemed it to be acceptable. However, Council wished to add the following comments:

'First, Council is concerned to ensure that the consultation on any changes to existing policies and procedures enables all interested members of the University to respond to it. A formal meeting of Congregation on 31 May at which the resolution is debated may not be the best route to achieve that goal and Council, through the Registrar, wishes to explore with the signatories to the resolution whether some other consultation process (permitting both written responses and open discussion) would be a preferable route to our shared goal. Second, the regulations applicable to the election of members of committees has the consequence that, without the suspension of regulations, it is not possible to achieve the desired goal of affording the membership of the Prevent Steering Group by 0th week of Michaelmas term. It therefore wishes to add members of Congregation to the Steering Group with immediate effect while consideration is given to the process whereby members of Congregation may be elected to the group prior to the completion of its work at the end of the calendar year.'

Since the Council meeting on 16 May, following consultation with the signatories to the resolution, the proposed draft changes to University regulations and procedures associated with the Prevent legislation will be published on the University's Prevent website (www.ox.ac.uk/staff/working_at_oxford/policies_procedures/prevent-duty). Members of Congregation will be invited to comment on the proposed changes by **Friday, 17 June**, so that any comments can be taken into account by Council when it is asked to approve the changes later this term.

ARRANGEMENTS FOR THE MEETING

Attendance and timings

A meeting will be held at 2pm on 31 May in the Sheldonian Theatre to debate and vote on the amended legislative proposal at (1). The resolution at (2) above will also be formally put to Congregation.

Attendance at the meeting is open to members of Congregation and to nominated representatives of the Oxford University Student Union (OUSU) as agreed in advance by the Vice-Chancellor. Admittance to the theatre will be on the production of a valid University card and will be on a first-come, first-served basis (places will be reserved for scheduled speakers). The doors of the Sheldonian Theatre will open at 1.45pm.

The Vice-Chancellor has decided that the wearing of gowns shall be optional on this occasion.

Order of business

The Vice-Chancellor will open the meeting at 2pm and set out the procedure and order of business.

(1) Voting on legislative proposal

The amended legislative proposal concerning Statute XII is the first item on the agenda. There will be speeches in support of or in opposition to the amended legislative proposal as time permits, following which the mover will be given the opportunity to respond and the amended legislative proposal will be put to Congregation. Information for those wishing to speak in the debate is provided below.

Voting will take place by paper ballot. Members will be invited to re-enter the theatre after the ballot papers have been removed for counting. The results of the vote on the amended legislative proposal will then be announced.

(2) Resolution

The resolution on Prevent is the second item on the agenda. The resolution will be formally moved and seconded, following

which there will be a speech on behalf of Council and the resolution will be put to Congregation. Given that no notice of opposition has been received, the Vice-Chancellor may announce that, in her opinion, the resolution is accepted. If, however, six members of Congregation rise in their places (for example, if they disagree), a vote will be taken by paper ballot.

LEGISLATIVE PROPOSAL (STATUTE XII)

Advance notice by speakers

Those wishing to speak to the legislative proposal as amended will be expected to limit their contributions to five minutes. It may not be possible to call all those who wish to speak. If you wish to speak at the meeting, you are asked to indicate this intention in advance by emailing congregation.meeting@admin.ox.ac.uk **preferably by 3pm on Friday, 27 May, and at the latest by 9am on Tuesday, 31 May**. It would be helpful if members of Congregation intending to speak could indicate whether they support or oppose the amended legislative proposal and what issues they wish to cover, as this will help to determine the order in which speakers are called. If time permits, those who have not indicated in advance may have an opportunity to speak. The Vice-Chancellor will also invite a nominated representative of OUSU to speak.

Voting

Following the speeches on the amended legislative proposal, a vote will be taken. The Vice-Chancellor and the Proctors have determined that voting during the meeting will take place by paper ballot. Members of Congregation will be required to identify themselves on their voting slips by name and signature and by college/department or faculty and to deposit their own voting slips in ballot boxes at the doors of the house. Slips will be sorted and counted by the Proctors, and will subsequently be kept confidentially by the Proctors for six days, after which they will be destroyed.

RESOLUTION (PREVENT)

The resolution will be formally moved and seconded, following which there will be a speech on behalf of Council and the resolution will be put to Congregation. Given that no notice of opposition has been received, the Vice-Chancellor may announce that, in her opinion, the resolution is accepted. If, however, six members of Congregation rise in their places (for example, if they disagree), a vote will be taken by paper ballot. Where a vote is taken, the Vice-Chancellor and the Proctors have determined that this will take place by paper

ballot, and ballot papers will be handed out at the exits to the theatre if and when the vote is called.

Transcript

It is intended that a transcript¹ of the meeting will be published in the *Gazette* of 9 June and on the Congregation website. As a result of time constraints, it will not be possible to check the report of the proceedings with individual speakers before publication. Speakers are asked to provide their written texts by email to congregation.meeting@admin.ox.ac.uk by 9am on Wednesday, 1 June.

Consultative Notices

Brasenose College

REVISED STATUTES

The Committee on Statutes before the Privy Council, acting under authority delegated to it by Council, is minded to give consent on behalf of the University to the revised statutes of University College, approved by the Governing Body on 9 March 2016, in so far as such consent is required by section 7 (2) of the Universities of Oxford and Cambridge Act, 1923. The consent of the committee to the amendments to the statutes will be effective 12 days after publication unless written notice of a resolution, signed by at least 20 members of Congregation, calling upon Council to withhold that consent, has been given to the Registrar by noon on **Monday, 6 June**.

The revised statutes update the existing statutes of Brasenose College following substantive review by the governing body over the last two years. The principal amendments aim to: (i) increase the governing body's power to delegate to committees; (ii) remove the link between all types of fellow and automatic membership of the governing body; (iii) reflect changes in the law and future-proof the Statutes by (a) removing explicit references to personnel issues; and (b) changing the role of the Visitor as arbiter; and (iv) introduce an explicit permission for the college to borrow through both secured and unsecured loans.

Teaching Excellence Framework Technical Consultation

The government's consultation Teaching Excellence Framework: Technical Consultation for Year Two was published on 16 May. It may be found on the Department for Business, Innovation and Skills website at www.gov.uk/government/consultations/teaching-excellence-framework-year-2-technical-consultation.

Members of the University are encouraged to contribute views on how the University of Oxford's response to the consultation should be shaped. Comments may be made by email to edcomms@admin.ox.ac.uk by **9am on 6 June**. Education Committee

and Council will consider a draft of the University's response at meetings on 17 June and 20 June respectively. The response will then be finalised to be submitted by the government's deadline of 12 July.

General Notices

Car parking: revised charges

Council has agreed to introduce revised charges for permits to park on University land. This notice reports the changes approved and summarises the process by which the recommendations were devised and refined prior to their referral to Council.

REVISED PARKING CHARGES

(a) Peak permits valid in central Oxford or at the Old Road Campus

With effect from 1 October 2016, the annual charge shall be equivalent to 1.25% of the permit holder's gross contractual salary.

With effect from 1 October 2017, the annual charge shall be equivalent to 1.5% of the permit holder's gross contractual salary.

With effect from 1 October 2018, the annual charge shall be equivalent to 1.75% of the permit holder's gross contractual salary.

(b) Other permits and charges

Charges for permits valid at Osney Mead remain unchanged at 0.2% of the permit holder's gross contractual salary.

Charges for permits valid at the Begbroke Science Park, Ewert House and for off-peak permits remain unchanged at £20 pa.

An administrative fee of £5 will continue to apply for the reissue of a lost permit.

PROCESS

Charges for permits to park on University land were first introduced in 2002. They are generally reviewed on a triennial basis. Changes were previously made in 2005, 2008 and 2012. Initial recommendations, formed by the Car Parking Working Group (CPWG), were scrutinised by the Buildings and Estates Subcommittee (BESC) of Council's Planning and Resource Allocation Committee (PRAC) in June 2015 and then referred to the Personnel Committee for consideration. Personnel Committee, in turn, referred the recommendations to its Joint Committee with University Support Staff and its Joint Consultative Committee with the UCU before considering the matter itself in Michaelmas term 2015. In February

2016 PRAC approved the revised car parking charges subject to a re-examination of the Public Sector Equality Duty (PSED) analysis by the Advocate for Diversity and Pro-Vice-Chancellor and the Equality and Diversity Unit. This was duly undertaken in May 2016 before onward referral to Council.

JUSTIFICATION FOR POLICY CHANGE

The University has limited parking provision which is under high pressure to meet operational and staff commuting needs. The policies control access to parking and prioritise the allocation of permits according to caring responsibilities, mobility and operational needs.

A charge of 1% of salary is currently levied both to reduce demand for parking and to incentivise staff to commute by sustainable, non-car modes. To be effective in managing demand, the charge needs to be equivalent to the cost of using the park and ride, the main alternative to driving for staff who do not qualify for a parking permit and who live beyond walking and cycling distance. Currently the average annual cost paid by full-time staff for a central and Old Road Campus peak permit is £445, substantially less than the current cost of £706.50 to use the park and ride. The policy proposes to increase the charge to 1.75% of salary by 2018 to equalise the average cost of a parking permit with the park and ride. The policy is not designed as a revenue-raising tool.

Elections

Contested Elections

9 June

The following elections will be contested.

Council

One member of Congregation, not necessarily being a member of any division and not in any case being nominated in a divisional capacity, elected by Congregation

<i>Current/Retiring Member</i>	<i>To hold office until</i>
--------------------------------	-----------------------------

Professor J Michie, President of Kellogg	MT 2020
---	---------

The following nominations have been received:

Professor Sir Rory Collins, MB BS Lond, MA MSc Oxf, Faculty of Clinical Medicine

Nominated by:

D A Lievesley, Principal of Green Templeton
 Sir Gordon Duff, Principal of St Hilda's
 J M Armitage, Faculty of Clinical Medicine
 Sir John Bell, Christ Church, Faculty of Clinical Medicine
 Professor Dame Valerie Beral, Green Templeton, Faculty of Clinical Medicine
 A M Buchan, Corpus Christi, Faculty of Clinical Medicine
 K M Channon, Exeter, Faculty of Clinical Medicine
 R J Cornall, Corpus Christi, Faculty of Clinical Medicine
 J J Kurinczuk, Faculty of Clinical Medicine
 P B Sullivan, Magdalen, Faculty of Clinical Medicine

Candidate statement:

I was responsible for forming the Nuffield Department of Population Health (NDPH) in 2013 to bring together groups with complementary skills in population health science. Its aims are to deliver high quality research that has a major impact on global health, as well as to develop the next generation of researchers. Population health science in Oxford was not ranked highly in the 2008 RAE, whereas the new Department ranked top in 2014.

I consider training and career development to be a priority: for example, one of my

first actions in NDPH was to fund doctoral Scholarships to attract the best students from around the world; and we've now established departmentally-funded Fellowships to recruit and retain the best scientists. I'm committed to ensuring that all staff have the opportunity to fulfil their potential, as illustrated by NDPH's gender-equality at all grades (including Professorial) and by coordinating efforts to address obstacles (e.g. the lack of adequate nursery provision).

As well as managing NDPH effectively (it has a budget surplus), I'm also Chief Executive of UK Biobank (funded by MRC and Wellcome Trust). In that role, I've been responsible for the successful delivery of this £175M biomedical resource involving 500,000 UK participants, which is available to researchers worldwide for health research that is in the public interest.

Representation on Council would provide me with opportunities to deliver my vision of using resources effectively and developing collaborations across the University, and of helping support career development and equality of opportunity for all staff.

Candidate statement:

I'm Director of the Department for Continuing Education and President of Kellogg College; this experience means I bring a fresh perspective to the deliberations of council regarding the future direction of the University. Professor of Innovation & Knowledge Exchange, I believe in the importance of interdisciplinarity and widening engagement activities which look outwards beyond academe.

The growth in the Department for Continuing Education over the past eight years means Oxford is leading developments in this area globally. I'm committed to strive for recognition of how such activities can increase the diversity of the student body and enrich the culture of the University - and the lives of participating students, plus through media and other channels, influence policy makers and politicians.

As head of house, I participate in Conference of Colleges. I'm a co-opted member of the Social Sciences Divisional Board and also serve on the following University Committees: Council, Education, Finance, Student Number Planning, Student Fees & Support, Impact & Knowledge Exchange, and the Natural History Museum Board. I'm Treasurer to the Oxford Society [the University's alumni association]. I was delighted to receive an OUSU 'Outstanding Supervisor' Award for 2015-16.

Beyond Oxford I serve on the Council of the Academy of Social Sciences (whose Audit Committee I chair); the Economic Advisory Board of Defra; and the United World Colleges (UWC) Council. I am Chair of Governors of UWC Atlantic College.

VISITORS OF THE ASHMOLEAN MUSEUM

One member of Congregation elected by Congregation

<i>Current/Retiring Member</i>	<i>To hold office until</i>
--------------------------------	-----------------------------

Sir Mark Jones, St Cross	MT 2018
--------------------------	---------

The following nominations have been received:

David W Griffiths, BA PhD Durh, MA status Oxf, Fellow of Kellogg, Sub-faculty of Archaeology

Nominated by:

T C Buchanan, Kellogg, Faculty of History

C W R Davies, Kellogg, Faculty of Social Studies

H F Hamerow, St Cross, Faculty of

History, Sub-faculty of Archaeology

A B Hawkins, Faculty of History

M P Smith, Kellogg, Oxford University Museum of Natural History

A I Wilson, All Souls, Faculty of Classics, Sub-faculty of Archaeology

Candidate statement:

I am Reader and Director of Studies in Archaeology at the Department for Continuing Education (OUDCE), and also the department's Director of Research. In the past I have worked as a professional archaeologist and held a previous lecturing position at UCL. I am a medievalist and have published widely in the field of Anglo-Saxon and Viking studies. Much of my research has centred upon museum collections. The role of the Ashmolean Museum in the University and beyond is of great interest to me. I believe as a Visitor I can contribute an important perspective informed by 16 years of teaching and supervising part-time and professional students at Oxford.

OUDCE (Public Programmes Division) has 14,487 student enrolments across a range of humanities and social science courses (including history, art and architectural history and archaeology). 1476 of these are studying archaeology, which embraces heritage, professional, landscape, material culture, classical and ancient historical themes. The OUDCE Archaeology Programme makes regular use of the Ashmolean's displays and collections, and museum staff teach and co-ordinate conferences and day-schools. In addition, I am PI of a major HLF-funded archaeological project based on volunteer participation in East Oxford. Over 600 members of the local community have participated and received training in research techniques. As well as excavations and surveys in East Oxford, the project has done pioneering work in connecting the city community to the Ashmolean's collections through sustained and planned group workshops, undertaken with the co-operation of curatorial staff.

Minhyong Kim, MA Oxf, PhD Yale, Fellow of Merton, Faculty of Mathematics

Nominated by:

R A McCabe, Merton, Faculty of English Language and Literature

D J Paterson, Merton, Faculty of Physiological Sciences

J R W Prag, Merton, Faculty of Classics

S W Saunders, Merton, Faculties of Physics and of Philosophy

A Schekochihin, Merton, Rudolf Peierls Centre for Theoretical Physics

Candidate statement:

I should apologise first that I have no prior practical credentials for this kind of a position to offer other than the rather distant work as a board member of the International Centre for Mathematical Sciences in Edinburgh. However, since arriving at Oxford 5 years ago, I've been a great enthusiast for the museum and its

mission. I regularly attend its exhibits and lectures, and have a particular interest in the outreach component of university museums. I collaborated briefly in 2014 with former curator Senta German on an outreach project for students on geometry and art (sadly interrupted by Senta's departure), and would like to create more such opportunities in the future. In a related vein, I have been maintaining a number of dialogues with artists interested in science and mathematics, and gave a plenary lecture at the 2014 Bridges conference on Mathematics, Music, Art, Architecture, Education, and Culture. It is hoped that the view of a devoted non-expert might be useful in the governance of the museum.

Professor Maggie Snowling, BSc Brist, MA Oxf, PhD Lond, President of St John's, Faculty of Psychological Studies

Nominated by:

N G Shrimpton, Lady Margaret Hall, Faculty of English Language and Literature

R R R Smith, Lincoln, Faculty of Classics, Sub-faculty of Archaeology

A J Sturgis, Worcester, Ashmolean Museum of Art and Archaeology

C T Whistler, St John's, Faculty of History

Candidate statement:

As a Head of House in Oxford I am passionate about academic excellence and committed to bringing the opportunities of Oxford to a more diverse community. I am also a strong advocate of the importance of education not only for academic success but also for the well-being of society. I believe the collegiate University has a responsibility to reach out to a wide public and to ensure that all of its activities, cultural and academic, are accessible to everyone regardless of background and educational experience. My own research is at the interface of psychology and education. For many years I have worked on the nature and cause of children's problems with learning and in the past decade have been involved in conducting randomized trials to improve the reading and language of children with difficulties, including those who are socially and economically disadvantaged. If appointed as a Visitor to the Ashmolean I would be particularly interested in the museum's education programme and how this might continue to inspire children from the early years upwards as well as making a contribution to the University's outreach efforts by enriching curricula for secondary school students.

UK Brain Bank for Autism and Related Developmental Research, JR

The developing brain is altered in autism but neuroscientists do not know how or why. Research is needed to understand the causes and biological basis of autism, to develop better interventions to improve the lives of those directly affected by it. Such critical research is hindered by the scarcity of donated human brain tissue. Control tissue, donated by people who do not have autism, is needed for comparison just as much as donations by people who do - and the NHS organ donor scheme does not include brain donation. We particularly want younger people to consider making a pledge to donate their brain after death (the further the brain is from its inception, the more difficult it is to understand the process of its development, so we do not take donations from people over 65 not directly affected by autism). See www.brainbankforautism.org.uk for information and to register as a donor.
