## General Purposes Committee of Council

### Changes to Regulations

The General Purposes Committee of Council has made the following changes to regulations, to come into effect on **11 December**.

#### (a) Professor of Pure Mathematics

##### *Explanatory Note*

The following changes, made on the recommendation of the Mathematical, Physical and Life Sciences Division and the Mathematical Institute, update the form of words which sets out the duties of the professor. These changes will achieve consistency with the regulations of a number of other statutory chairs across the Mathematical, Physical and Life Sciences Division that have been updated in recent years.

##### *Text of Regulations*

In Council Regulations 24 of 2002, concerning individual professorships, amend the Professor of Pure Mathematics as follows (new text underlined):

#### ***Professor of Pure Mathematics***

1. The Professor of Pure Mathematics shall undertake research in and shall lecture and give instruction in some branch of Pure Mathematics and generally promote its study in the University.

2. The professor shall be elected by an electoral board consisting of:

(1) the Vice-Chancellor, or, if the head of the college specified in (2) of this clause is Vice-Chancellor, a person appointed by Council on the occurrence of a vacancy to act as an elector on that occasion;

(2) the head of the college to which the professorship shall be for the time being allocated by Council, or, if the head is unable or unwilling to act, a person appointed by the governing body of the college on the occurrence of a vacancy to act as an elector on that occasion;

(3) a person appointed by the governing body of the college specified in (2) of this clause;

(4), (5) two persons appointed by Council;

(6) a person appointed by the Mathematical, Physical and Life Sciences Board;

(7)–(9) three persons appointed by the Departmental Committee of the Mathematical Institute.

3. The professor shall be subject to the General Provisions of the regulations governing the duties of professors and to those Particular Provisions of the same regulations which are applicable to this chair.'

#### **(b) Man Professor of (and Man Endowment for) Quantitative Finance**

##### *Explanatory Note*

These changes enable the University trust known as the Man Group Endowment for Quantitative Finance to be applied in full and to best effect in delivery of the trust object 'to advance education (teaching and research) in the field of quantitative finance', by removing the requirement that the object be achieved through the creation and maintenance of an academic post. The changes are made on the recommendation of the board of management for the endowment and have the full support of Man Investments Limited.

##### *Text of Regulations*

**1** In Council Regulations 24 of 2002, concerning Academic Posts, amend the section concerning the Man Professor in Quantitative Finance as follows (new text underlined, deleted text struck through) and move the whole of the amended section into Council Regulations 25 of 2002, concerning Trusts:

#### ***'Man Group Endowment for Professor in Quantitative Finance***

1. Man Investments Limited wishes to establish an endowment, which shall be known as the Man Group Endowment for Quantitative Finance, at the University with an initial donation of £3.3 million and with the possibility of making further donations. The initial sum and any further donations are referred to in these Trust Regulations as "the Fund".

2. The overarching purpose of the Fund is to advance education (teaching and research) in the field of quantitative finance.

~~3. The initial sum of £3.3 million paid into the Fund pursuant to Regulation 1 above shall be held for and applied towards the establishment and maintenance of a new chair in quantitative finance, to be called the Man Professorship in Quantitative Finance.~~

~~4. Any further sums paid into the Fund pursuant to Regulation 1 above shall be held on such special trust or trusts consistent with these Trust Regulations (and in particular the overarching purpose set out in Regulation 2 above) as may be prescribed by Man Investments.~~

~~35. The University may accept contributions towards the Fund from parties other than Man Investments, whether for the overarching purpose of the endowment as expressed in Regulation 2 above or on such special trust or trusts consistent with the overarching purposes as the donor may prescribe. Any such contributions shall be held in accordance with these Trust Regulations and, for the avoidance of doubt, donors other than Man Investments shall have no entitlement to name the Fund or any special trust within it and Man Investments must approve the naming of any such special trust.~~

46. The University shall retain the initial sums paid into the Fund pursuant to Regulation 1 as permanent endowment and shall apply the net income towards the overarching purpose as set out in Regulation 2, salary and expenses of the holder of the Professorship, and associated overheads.

5. The University may in its absolute discretion, instead of applying the income of the Fund in any year, accumulate all or part of such income by investing it, and holding it as part of the capital of the Fund. Unless the donor agrees otherwise, the University shall retain any further benefactions to the Fund as permanent endowments and shall apply the net income in accordance with the special trust or trusts prescribed pursuant to Regulation 4 or 5 (as appropriate) above.

67. The University, as Trustee of the Fund, may exercise any of its corporate powers in the management and administration of the Fund.

78. The administration of the Fund, and the application of its income, shall be the responsibility of the Management Committee for the Oxford-Man Institute of Quantitative Finance.

9. The Man Professor in Quantitative Finance shall undertake research in and shall lecture and give instruction in quantitative finance and generally promote its study in the University.

10. The Professor shall be elected by an electoral board consisting of:

(1) the Vice-Chancellor, or if the head of the college specified in sub-paragraph 9(2) below is the Vice-Chancellor, a person appointed by Council;

(2) the head of the college to which the Chair may be allocated by Council from time to time; or if the head is unable to unwilling to act, a person appointed by the governing body of that college;

(3) a person appointed by the governing body of the college;

(4), (5) two persons appointed by Council;

(6) a person appointed by the Social Sciences Board;

(7) a person appointed by the Mathematical, Physical and Life Sciences Board;

~~(8)-(10) three persons appointed by the Management Committee of the Oxford-Man Institute of Quantitative Finance.~~

~~11. The Professor shall be subject to the General Provisions of the regulations concerning the duties of professors and to those Particular Provisions of the same regulations, which are applicable to the Chair.~~

~~8.12. Regulations 1-118 shall be deemed as Trust Regulations under the provisions of Part D of Statute XVI.~~

~~13. Regulations 8-12 may be amended by Council provided always that the University shall consult with Man Investments before the Council makes any amendment to Regulation 8 or Regulation 10 (8)-(10). The University must notify Man Investments of any amendment to the Trust Regulations made pursuant to this Regulation.~~

9. Subject to regulations 10 and 11, Council may amend, repeal or add to these regulations in accordance with Part D of Statute XVI, but no amendment is valid if it would cause the Fund to:

(1) cease to be exclusively charitable according to the law of England and Wales; or

(2) be outside the objects of the University.

10. Any amendment to regulation 2 is an amendment to the main objects of the Fund for the purposes of Part D of Statute XVI and must be approved both by Congregation of the University and subsequently by Her Majesty in Council.

11. The University shall consult with Man Investments before the Council makes any amendment to Regulation 7. The University must notify Man Investments of any amendment made to these Trust Regulations.'

## *Candidate statement:*

The implementation of the University's Sustainability Strategy and the recent Congregation motion on fossil fuel divestment will be key issues for Council over the coming years. I have been deeply involved in both developments. As a Professor of Geosystem Science in the School of Geography and the Environment and Director of the new cross-Divisional Oxford Net Zero initiative, with a long-standing association with the Department of Physics and former student of Physics and Philosophy, I have links to Social Sciences, MPLS and Humanities Divisions. Our research in the 2000s identified the need for net zero carbon dioxide emissions to halt global warming, and I have been working on the implications ever since. I am proud that our University is working towards an ambitious commitment to net biodiversity gain and net zero emissions, and that we are taking an evidence-led approach to prioritise real impact over image. Crucial strategic questions remain open, such as how we navigate a commitment to net zero emissions with our status as a global university committed to a universal and open academe and increasing geographical diversity in staff and student recruitment. On divestment, discussions with students and colleagues on this issue over recent years led to the Oxford Martin Principles for Climate-conscious Investment that form a key component of the Congregation motion. As a former ULNTE, I recognise the need to support those on research-intensive careers, and as a beneficiary of early enlightened decisions on parental leave, I feel particularly strongly about accommodating colleagues' caring responsibilities.

**Professor Sir Rory Collins**, MB BS Lond, BSc Washington DC, MA MSc Oxf, St John's, Faculty of Clinical Medicine

 G Johnson, Christ Church, History of Art Department  
 K Nobre, St Catherine's, Department of Experimental Psychology  
 G Screaton, University College, Head of Medical Sciences Division

*Candidate statement:*

I have served as an elected member of Council on behalf of Congregation since Michaelmas 2016, representing Council on the Planning and Resource Allocation Committee and the Personnel Committee.

My focus has been on encouraging the University to do all it reasonably can to support all of its staff (both academic and non-academic), trying to ensure that its investment in "physical capital" (buildings, equipment) is matched by a similar enthusiasm for investing in its people ("human capital"). In particular, I've been closely involved in the University's decisions to interrogate and address gender-specific salary disparities, to identify gaps in child-care provision, and to commit explicitly to protecting pension rights.

In 2013, I established the Nuffield Department of Population Health (NDPH) to deliver research that has a major impact on population health around the world, as well as to develop the next generation of researchers. I have been committed to ensuring that everyone in NDPH has the opportunity to fulfil their potential (e.g. supporting staff to go on the Women Transforming Leadership Programme) and removing obstacles to doing so (e.g. obtaining good child-care provision on Old Road Campus), as illustrated by NDPH's gender-equality at all staff grades.

I'm seeking re-election to Council because it is very likely that the next few years will be particularly difficult due to the impact of Brexit, COVID-19 and USS pension issues, making it more important than ever to make the case for the University's resources being used effectively to support its most precious asset... its people.
