Title of Programme/ Name of Regulation
Honour School of Experimental Psychology

Brief note about nature of change: correction to a Paper number

Location of change
In Examination Regulations 2019 http://www.admin.ox.ac.uk/examregs/2019-20/hsofexpepsyc/studentview/

Effective date
For students starting from TT2020 on the Part I of the FHS course onwards.
For first examination from academic year 2020/21

Detail of change

PART I

3. Reports of practical work completed during the course of study for Part I and submitted for marking shall constitute a portfolio which shall be available to examiners as part of the examination. All such assignments must be uploaded to the Assignments section of the Degrees WebLearn site by the times and dates specified at the start of the practical course. Each submission must be accompanied by a declaration indicating that it is the candidate’s own work. Where the work submitted has been produced in collaboration the candidates shall indicate the extent of their own contributions. Reports of practical work previously submitted for the Honour School of Experimental Psychology may be resubmitted, but reports will not be accepted if they have already been submitted, wholly or substantially, for another Honour School or degree of this University, or for a degree of any other institution. The Head of Department or deputy shall inform the examiners by the end of Week 0 of the Trinity Term in which the Part I examination is to be held as to which candidates have (a) failed to satisfy the requirement to undertake practical work or (b) failed to submit a portfolio. Candidates in category (a) will be deemed to have failed Paper Β IV. Candidates in category (b) will be deemed to have failed the entire Part I examination. The Head of Department or deputy shall also make available to the examiners records showing the extent to which each candidate has adequately pursued a course of practical work. The examiners shall take this evidence into consideration along with evidence of unsatisfactory or distinguished performance in each portfolio of
practical work.

**Explanatory Notes**

Correcting a paper number from V to IV, as Paper V no longer exists and that regulation is referring to what is now known as Paper IV Experimental Design and Methods, as outlined further up in the regulations. This error was missed previously when the Regs were updated.
