3. Every candidate will, in addition to the Preparation for Undergraduate Study module, be required to satisfy the examiners in the following:

- e) Six written examinations
 - a. Two in Maths for Physical Sciences
 - b. Two in Chemistry
 - c. Two synoptic examinations in Chemistry
- f) One mini project assignment of the candidate's choice relating to the course material and approved by the Course Lead to include production of the written project and oral presentation.

4. The coursework assignments under the above clauses will be submitted via the approved online submission system to the examiners by dates given in the course handbook.

Schedule

Module 1: Maths for Physical Sciences 1

Module 2: Chemistry 1

Module 3: Maths for Physical Sciences 2

Module 4: Chemistry 2

Module 5: Subject-specific problem-solving

Module 6: Mini project

Explanatory Notes

The establishment of the Foundation Oxford programme was approved by Council as part of the University's commitments set out in its Access and Participation Plan (APP). The programme opened for applications in September 2022 with the first students starting in October 2023. Upon successful completion of the Foundation year courses, students will be awarded a CertHE and subject to meeting the progression criteria, will proceed to the first year of the appropriate undergraduate degree programme at the University of Oxford that formed part of their offer.
