

LV 2020

MSc SSaP

Continuing Education Board/Medical Sciences Division

Approved by correspondence 26.08.20

Title of Programme

MSc Surgical Science and Practice

Brief note about nature of change: Substitution of module “Evidence-Based Surgery” for module “Practice of Evidence-Based Health Care”

Location of change

In *Examination Regulations 2019*

<https://examregs.admin.ox.ac.uk/Regulation?code=mosciscieandprac&srchYear=2019&srchTerm=1&year=2019&term=1>

as amended by the Gazette of 26.09.19

Effective date

For students starting from MT 2020

[And]

For first examination from 2020-21 [This is the academic year in which the first examination to which the change will apply, will take place.]

Detail of change

[1.16] Delete ~~Evidence-based Surgery~~ insert Practice of Evidence-Based Health Care

Explanatory Notes

The two modules, the first offered by the Nuffield Department of Surgery and the second by the Centre for Evidence-Based Medicine, cover similar material. Allowing students on the Surgical Science and Practice course to take the latter will optimise resources. This is for one year initially: 2020-21.

For first examination from 2021-22 [This is the academic year in which the first examination to which the change will apply, will take place.]

Detail of change

MSc Surgical Science and Practice

1. The Medical Sciences Board, jointly with the Continuing Education Board, shall

elect for the supervision of the course a Standing Committee, which shall have the power to arrange lectures and other instruction.

2. The course is available on a part time basis only and shall consist of instruction in the theory and practice of Surgical Science and Practice.
3. The policy of the Continuing Education Board on variable intensity part time study shall apply to this award.
4. The minimum period of registration on the M.Sc. shall be three terms and the maximum period of registration shall be twelve terms.
5. Every candidate will be required to satisfy the examiners in the following:

(a) Six written assignments, one on each of the modules in the Schedule below, each of not more than 4,000 words in length.

(b) A dissertation of not more than 15,000 words (including tables, appendices and footnotes but excluding reference list), on a subject selected by the candidate in consultation with the supervisor and approved by the Standing Committee. Approval must be sought no later than the first day of the ninth term of registration. The dissertation must be submitted within three terms of the date of approval, notwithstanding the maximum permitted period of registration.

The assignments set out in clause 5(a) shall be submitted via the approved online submission system. The dissertation under 5 (b) shall be submitted in hard copy and in digital copy, format to be prescribed in the course handbook, to the examiners for the MSc in Surgical Science and Practice c/o Department for Continuing Education, 1 Wellington Square, Oxford OX1 2JA, for consideration by such date as the examiners shall determine and shall notify candidates.

6. Candidates may be required to attend a viva voce examination at the end of the course of studies at the discretion of the examiners.

7. Candidates who fail to satisfy the examiners in any part of the examination under 5 (a-b) above will be permitted to resubmit work in respect of the part or parts of the examination that they have failed, on not more than one occasion for each assignment without being required to repeat attendance at the relevant module or modules. The resubmission will normally be within one year of the original failure.

8. Provided the Standing Committee is satisfied that a student on the award has undertaken equivalent study, of an appropriate standard, normally at another institution of higher education, or has appropriate work experience to an equivalent standard, the committee may permit the candidate to be exempted from the submission of a written assignment in respect of up to three modules. In exercising this discretion the Standing Committee shall take into consideration the length of time that has elapsed since the study or work experience was undertaken.

9. The Standing Committee may deem satisfactory completion of a module (including the associated assessment) prior to registration for the award as having met the examination requirements in respect of that module. Such discretion will normally only be exercised if the time elapsed between commencement of the accredited module concerned and registration for the award is not more than two years. The maximum number of modules taken prior to registration for the award that may count in this way

shall be three.

Schedule

Practice of Evidence-Based Health Care

Quality improvement science and systems analysis*

Leadership and Management in Health Care

Becoming a Clinical Educator*

Human factors, teamwork and communication*

Healthcare Innovation and Technology

Any other module as defined by the Course Director and approved by the Standing Committee.

* Also available to students registered for the PG Diploma in Health Research

Explanatory Notes

The replacement of Evidence-Based Surgery by Practice of Evidence-Based Health Care was initially approved and included in the regulations for one year 2020-21, (see Gazette of 24 September 2020) but is now approved as a permanent change from 2021-22 onwards. There is no text to be deleted.

For first examination from 2022-23

Detail of change

Postgraduate Programme in Evidence-Based Health Care Studies

A. Definition of the Programme

1. The Continuing Education Board and the Medical Sciences Board shall jointly offer a Programme in Evidence-Based Health Care Studies at postgraduate level.
2. The Continuing Education Board and the Medical Sciences Board shall jointly elect for the supervision of the Programme a Standing Committee which shall have the power to arrange lectures and other instruction.
3. The subject of the Programme shall be Evidence-Based Health Care Studies.
4. The policy of the Continuing Education Board on variable intensity part-time postgraduate study applies to this Programme.
5. The following awards shall be available within the Programme:
 - I. MSc in Evidence-Based Health Care
 - II. MSc in Evidence-Based Health Care (Medical Statistics)
 - III. MSc in Evidence-based Health Care (Systematic Reviews)
 - IV. Postgraduate Diploma in Evidence-Based Health Care
 - V. Postgraduate Certificate in Evidence-Based Health Care
 - VI. Postgraduate Diploma in Health Research
 - VII. Postgraduate Certificate in Health Research
 - VIII. Postgraduate Certificate in Teaching Evidence-Based Health Care
 - IX. Postgraduate Certificate in Qualitative Health Research Methods

B. Progression

6. Students admitted to the Programme with the intention of studying towards one of the M.Sc. awards are required to matriculate, involving admission by a college of the University. Students admitted to the Programme intending to study towards a Postgraduate Certificate or Postgraduate Diploma who subsequently apply for admission to one of the MSc. awards will be required at that point to matriculate and to be admitted by a college.
7. Students who have satisfied the requirements for the award of the Postgraduate Certificate or the Postgraduate Diploma and who do not wish to continue their studies may end their registration at that point and be awarded the Postgraduate Certificate or Postgraduate Diploma as the case may be.

C. Duration

8. The minimum period of registration on the Programme shall be three terms.
9. The maximum period of registration shall be six terms for each of the Postgraduate Certificates, nine terms for each of the Postgraduate Diplomas and twelve terms for each of the MSc awards.

D. Study criteria for eligibility for awards

10. The modules available in the Programme are specified in the Schedule below. Not all modules are available for each award. Any additional restrictions on permitted combinations of modules will be given on the course website. Modules available will be published by the end of the Michaelmas Term in the year before registering on the course. Every candidate for a given award will be required to satisfy the examiners in the following:

I. *M.Sc. in Evidence-Based Health Care*

(i) submission of the required assessed work relating to modules i) and ii) and from four modules selected from iii) to xx) or xxx) of the schedule at H. Each of the assessments shall be of not more than 4,000 words per module;

(ii) submission of a dissertation of not more than 15,000 words on a subject selected by the candidate in consultation with the supervisor and approved by the Standing Committee. Approval must be sought no later than the first day of the ninth term of registration. The dissertation must be submitted within three terms of the date of approval, notwithstanding the maximum permitted period of registration.

II. *MSc in Evidence-Based Health Care (Medical Statistics)*

(i) Submission of the required assessed work relating to modules xi) and xvi) and from four modules of which up to three may be selected from modules xvii), xviii), and xxi) and xxv or xxx) and up to two may be selected from modules ii), vi), and either viii) or xix) (but not both) or xxx) of the schedule at H. Each of the assessments shall be of not more than 4,000 words per module;

(ii) Submission of a dissertation as set out in I.(ii) above.

III *MSc in Evidence-Based Health Care (Systematic Reviews)*

(i) submission of the required assessed work relating to each of the six modules: i), ii) viii), xviii), xix) and xx) or xxx) from the schedule at H; each of the assessments shall be of not more than 4,000 words per module;

(ii) submission of a dissertation as set out in I(ii) above.

IV *Postgraduate Diploma in Evidence-Based Health Care*

(i) submission of the required assessed work relating to either modules i) and ii); or modules xi) and xvi) and from any four of modules iii) to xxi) or xxx) of the schedule at H; each of the assessments shall be of not more than 4,000 words per module.

V *Postgraduate Certificate in Evidence-Based Health Care*

(i) submission of the required assessed work relating to either modules i) and ii); or modules xi) and xvi); and relating to one module selected from modules iii) to xxi) or xxx) of the schedule at H; each of the assessments shall be of not more than 4,000 words per module.

VI *Postgraduate Diploma in Health Research*

(i) submission of the required assessed work, relating to

- a. modules i) and ii) and any three of modules selected from modules iii) to xi), or xiv) to xv) or xxx) of the schedule at H, or of the modules indicated as available in the regulations for the MSc in Experimental and Translational Therapeutics; and relating to
- b. one additional module taken from above, or xii) of the schedule at H, or from those indicated in the regulations for the MSc in Surgical Science and Practice;

Each of the assessments shall be of not more than 4,000 words.

VII *Postgraduate Certificate in Health Research*

(i) submission of the required assessed work, relating to modules i) and ii) and any one module selected from modules iii) to x) or xiv) or xv) in the schedule at H, or one of the modules indicated as available from the regulations for the MSc in Experimental and Translational Therapeutics; each of the assessments shall be of not more than 4,000 words.

VIII *Postgraduate Certificate in Teaching Evidence-Based Health Care*

Submission of the required assessed work relating to modules xii), xxii) and xxiii). Each of the assessments shall be of not more than 4,000 words

IX *Postgraduate Certificate in Qualitative Health Research Methods*

Submission of the required assessed work relating to modules x), xv) and xxiv). Each of the assessments shall be of not more than 4,000 words.

11. Assignments shall be submitted via the online submission system to the examiners for consideration by such dates as the examiners shall determine and of which they shall notify candidates. Dissertations shall be submitted in hard copy and in an electronic format, as prescribed in the course handbook, to the Examiners c/o Examination Schools, High Street, Oxford OX1 4BG for consideration by such dates as the examiners shall determine and of which they shall notify candidates

Assignments and dissertations must be accompanied by a statement that they are the candidate's work except where otherwise indicated.

12. Provided the Standing Committee is satisfied that a student on the Programme has undertaken equivalent study, of an appropriate standard, normally at another institution of higher education, or has appropriate work experience to an equivalent standard, the committee shall have the discretion to permit the candidate to be

exempted from the submission of a written assignment in respect of one module for a Postgraduate Certificate, two modules for a Postgraduate Diploma and three modules for any of the MSc awards. In exercising this discretion the Standing Committee shall have consideration to the length of time that has elapsed since the study or work experience was undertaken.

E. The Examinations

13. Students on the Register shall enter for the examination for the award of the M.Sc. in Evidence-Based Health Care or the MSc in Evidence-Based Health Care (Medical Statistics) or the MSc in Evidence-based Health Care (Systematic Reviews) or the award of the Postgraduate Diploma or the Postgraduate Certificate in Health Research or the Postgraduate Certificate in Teaching Evidence-Based Health Care, or the Postgraduate Certificate in Qualitative Health Research Methods
14. Candidates are required to attend a viva voce examination at the end of the course of studies leading to each award unless dispensed by the examiners.
15. Candidates who fail to satisfy the examiners in any of the assignments or the dissertation as specified under 10. above will be permitted, normally within one year of the original failure, to resubmit work in respect of the part or parts they have failed on not more than one occasion for each assignment without being required to repeat attendance at the relevant module or modules.

F. Prior Undertaking of modules for credit

16. The Standing Committee shall have the discretion to deem satisfactory completion of a module including the associated assessment prior to registration for an award listed under 5 above as having met the examination requirements in respect of that module under 10. above. Such discretion will normally only be exercised if the time elapsed between commencement of the accredited module concerned and registration for the award is not more than two years.
17. The maximum number of modules taken prior to registration for an award that can contribute to the achievement of the award shall be one for the Postgraduate Certificates, three for the Postgraduate Diplomas and three for each of the MSc awards.

G Subsuming of previous modules and awards under the Programme

18. If any student who has previously successfully completed one of the Postgraduate Certificate and ended their registration on the Programme subsequently is re-admitted to another award listed under 5, the Standing Committee shall have the discretion to deem satisfactory completion of modules within that Postgraduate Certificate as having met the examination requirements in respect of the modules under 10. above. Such discretion will normally only be exercised if the time elapsed between first registration on a module contributing to the Postgraduate Certificate and registration for the higher award is not more than two years.
19. If any student who has previously successfully completed one of the Postgraduate

Diploma and ended their registration on the Programme subsequently is re-admitted to any of the M.Sc. awards, the Standing Committee shall have the discretion to deem satisfactory completion of modules within that Postgraduate Diploma as having met the examination requirements in respect of the modules under 10. above. Such discretion will normally only be exercised if the time elapsed between first registration on a module contributing to the Postgraduate Diploma and registering for the MSc is not more than two years.

20_If a student who has been awarded a Postgraduate Diploma or Postgraduate Certificate is subsequently awarded a higher award, the MSc or Postgraduate Diploma will subsume the lower award.

H. Schedule of Modules

- i) Practice of Evidence-Based Health Care
- ii) Introduction to Study Design and Research Methods
- iii) Ethics for Biosciences
- iv) Knowledge into Action
- v) Clinical Epidemiology
- vi) Evidence-Based Diagnosis and Screening
- vii) Introduction to Statistics for Health Care Research
- viii) Systematic Reviews
- ix) Randomized Control Trials
- x) Qualitative Research Methods
- xi) Essential Medical Statistics
- xii) Teaching Evidence-Based Practice
- xiii) The History and Philosophy of Evidence-Based Health Care
- xiv) Clinical Trial Management
- xv) Mixed Methods in Health Research
- xvi) Statistics for Clinical Trials
- xvii) Big Data Epidemiology
- xviii) Meta-Analysis
- xix) Complex Reviews
- xx) Realist Reviews and Realist Evaluation
- xxi) Statistical Computing with R and Stata
- xxii) Developing Practice in Medical Education
- xxiii) Course Design, Assessment and Evaluation
- xxiv) Advanced Qualitative Research Methods
- xxv) Clinical Prediction Rules

- xxx) Any other module as defined by the Programme Director and approved by the Standing Committee.

Additional modules available (as specified above) from the regulations for the MSc in Experimental and Translational Therapeutics

Structure of clinical trials and experimental therapeutics
Drug development, pharmacokinetics and imaging
Pharmacodynamics, biomarkers and personalised therapy
Adverse drug reactions, drug interactions, and pharmacovigilance
How to do research on therapeutic interventions: protocol preparation
Biological therapeutics

Additional modules available (as specified above) from the regulations for the MSc in Surgical Science and Practice

Human factors, teamwork and communication
Becoming a clinical educator
Quality improvement science and systems analysis

Explanatory Notes
