**Title of Programme/ Name of Regulation**
MSc in Precision Cancer Medicine

**Brief note about nature of change:** Minor amendment to assessment schedule

**Location of change**
In *Examination Regulations 2021*
https://examregs.admin.ox.ac.uk/Regulation?code=mosbcipreccancmedi&srchYear=2021&srchTerm=1&year=2021&term=1

**Effective date**
and for first examination from 2022-23

**Detail of change**
Amend citation 1.6, reference 4.iii as follows (new text underlined, deleted text struck through):

Year One

(iii): An essay of a maximum of 2500 words selected from a choice of essay titles based on modules 1-4 1-3 of the Schedule.

**Explanatory Notes**
Module 4 is considered to be delivered too close to the submission deadline for this assessment for students to have sufficient time to produce an acceptable essay on its contents. Going forward essay questions will be drawn from Modules 1-3 only.
