Title of Programme/ Name of Regulation [if general]]
Qualifying Examination in the Principles of Clinical Anatomy

Brief note about nature of change: Minor amendment to assessment

Location of change
https://examregs.admin.ox.ac.uk/Regulation?code=pofclinanat&srchYear=2021&srchTerm=1&year=2017&term=1

Effective date
For students starting from MT 2020
And
For first examination from 2022-23

Detail of change
1. Amend citation reference 1.1 as follows:
There shall be a Qualifying Examination in the Principles of Clinical Anatomy for medical students who have passed the First Examination for the Degree of Bachelor of Medicine and who are seeking admission to a course in clinical medicine in Oxford or elsewhere to progress to the clinical stage of the standard 6-year Medicine course. The examination shall be governed by the following provisions.

2. Amend citation reference 1.8 as follows:
The Director of Pre-Clinical Studies or his or her deputy is required to make available to the examiners evidence (in the form of a list of names, signed by the Director or his or her deputy) to certify that each candidate has a satisfactory attendance record at the course in the Principles of Clinical Anatomy. Any candidate whose record of attendance
is deemed unsatisfactory by the examiners shall be liable to undergo additional examination by such means as may be deemed appropriate by the examiners, or he or she may be failed at the discretion of the examiners.

**Explanatory Notes**

The first of these minor changes reflect a change that students no longer routinely transfer to London Medical Schools after Year 3. The second change gives flexibility about students’ attendance at teaching sessions and how this is linked to assessment results. Detail will be provided to students in the Examination Conventions.
