Student Numbers

| Supplement (1) to *Gazette* No. 4667 | Thursday, 30 July 2003 |

Table I Students in residence*

Table IIa Division between undergraduates and postgraduates, arts and science

Table IIb Students in residence:* division between undergraduates/postgraduates, arts/science, home/overseas, men/women (Tables IIb and IIc in one file)

Table IIc Distribution of students by country of origin (Tables IIb and IIc in one file)

Table III Distribution of postgraduates by division, unit, and degree

Table IV Students in residence:* division by college

Table V Number of undergraduates matriculating to read for first degrees

Note: the last figure given in this table, the Grand Total for MT 2002, is incorrect. The figure should read 3423, and not 6846.

As in previous years, Council has agreed that tables showing student numbers should be published in the Gazette. The figures represent the position at the last day of Michaelmas Term 2002.

** In this year's Supplement only those postgraduates recorded as still working for their degrees in Oxford during Michaelmas Term 2002 have been counted as in residence. All postgraduates whose status was suspended or whose thesis was under examination have been counted as out of residence together with those still working for their degrees outside Oxford. Information about the residential status of such students is uncertain and they are in any case wholly discounted for purposes of student load calculation. Comparative figures for 1986--7 onwards have been adjusted accordingly. For last year's Supplement see Gazette, vol. 131, pp. 45 to 55.*
